CONSOLIDATED PLACEMENT REPORT

2018-23
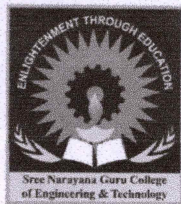

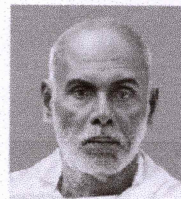

PLACEMENT REPORT

ACADEMIC YEAR 2018-19

Final year students are sharpening their skills and building confidence for their upcoming job hunt, thanks to a comprehensive placement training program led by Mr. Anand M, the college's dedicated Placement Officer.

Every week, students participate in:

Mock Interviews: These simulated interviews provide valuable experience in handling interview questions, tackling nerves, and showcasing their qualifications effectively.

Aptitude Tests: Regular practice with aptitude tests helps students hone their problem-solving skills, analytical thinking, and time management – all crucial for acing company-specific exams.

Group Discussions: By participating in group discussions, students develop their communication skills, teamwork abilities, and the art of expressing themselves clearly and concisely in a group setting.

ACADEMIC YEAR 2020-21

- Students attended campus recruitment drive of**INFINIZ IT SOLUTIONS.**

- The college organized a series of online placement activities aimed at facilitating career opportunities for students amidst the challenges posed by the ongoing global circumstances. The events were meticulously planned and executed to ensure maximum participation andengagement from both students and recruiters.

Objectives:

1. Provide students with access to job opportunities and internships.

2. Facilitate networking opportunities between students and potential employers.

3. Enhance students' employability through skill-building workshops and mock interviews.

4. Offer insights into industry trends and career pathways through panel discussions and employer showcases.

- Activities Conducted:

1. Virtual Employer Showcases:

  - Leading companies from diverse industries were invited to showcase their organization's culture, values, and career opportunities.

  - Recruiters interacted with students, providing insights into their recruitment processes and desired skill sets.

  - Students had the opportunity to ask questions and learn about potential career paths within each organization.

2. Networking Sessions:

 - Virtual networking sessions were organized to connect students with industry

SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY
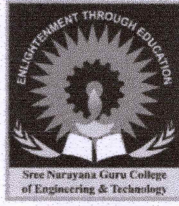

professionals, recruiters, and alumni.

   - Participants engaged in one-on-one conversations, exchanged contact information, and discussed career prospects and industry insights.

   - These sessions fostered valuable connections and expanded students' professional networks.

3. Skill Workshops:

   - Interactive workshops were conducted to enhance students' professional skills, including resume writing, interview preparation, and communication skills.

   - Experienced professionals shared tips, strategies, and best practices to help students present themselves effectively to potential employers.

4. Mock Interviews:

   - Mock interview sessions were held to provide students with practical experience and constructive feedback.

   - Trained interviewers simulated real-life interview scenarios, allowing students to refine their interview techniques and build confidence.

5. Panel Discussions:

   - Panels comprised of industry experts, career advisors, and alumni shared insights into emerging trends, job market demands, and career development strategies.

   - Discussions covered a wide range of topics, including the impact of technology on industries, the importance of continuous learning, and adapting to evolving job roles.

ACADEMIC YEAR 2021-22

The Training and Placement Cell of SNGCET have conducted several events in the college.

A MEET WITH HR (10/05/2022)

Training and Placement Cell is to guide students to choose right career and to give knowledge, skill, and aptitude and to meet the manpower requirements of the industry. Our college Training and Placement cell conducted a Seminar focusing on our students' skill development and to prepare them for the interviews. This activity focused on personality development to make the students reliable, with a positive attitude and right decision making. We were honored with an eminent personality, Dr. Surekha S Nair, who engaged the session. She is a Human Resources Leader with more than two decades of transforming organizations by designing future-ready, sustainable, and scalable HR ecosystems. The session came to be a great success with our students getting an opportunity to interact with Dr. Surekha S Nair, who helped them to learn about the non-academic expectations that a company expects from the candidates.

ACADEMIC YEAR 2022-23

Twenty-One students from various departments of SNGCET got placed in the company. The pool drive concluded on a positive note, with the promise of potential collaborations between MaverixPro Ltd and the budding engineers of SNGCET. Both parties expressed gratitude for the opportunity to connect and collaborate in shaping the future of technology.

o   Formed ASAP cell in our college and many students are now pursuing certification courses through ASAP.

Pool Drive

MaverixPro Ltd, a leading technology company, conducted a pool drive at SNGCET (Sree Narayana Guru College of Engineering and Technology) on 29th March 2023. The purpose of
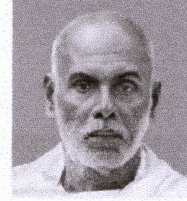

the drive was to recruit talented and enthusiastic engineering graduates for various roles within the company.

The recruitment event commenced at 9:00 AM in the college auditorium. A team of HR representatives and technical experts from MaverixPro Ltd were present to oversee the proceedings. The event was well-organized and structured, with different rounds designed to assess the candidates' skills and capabilities.

The candidates displayed a high level of enthusiasm and curiosity about the company and its offerings. Their technical knowledge and problem-solving skills were commendable, showcasing their strong academic background. Communication skills varied among candidates, with some showing exceptional articulation during the group discussion and interviews. The Q&A session indicated that candidates were interested not only in the job roles but also in understanding the company's long-term vision.

### Enhancing Aptitude Skills: Progressum Workshop at SNGCET

Sree Narayana Guru College of Engineering and Technology was abuzz with intellectual energy as the highly anticipated two-day Aptitude Training Workshop, conducted by Progressum, unfolded on 2nd and 3rd August 2023. Aimed at elevating students' aptitude skills to new heights, the workshop was a collaboration between Progressum, a distinguished training organization, and the college's commitment to holistic student development.

o The Ministry of Commerce & Industry successfully conducted the IPR awareness/training program under the special mission called "National Intellectual Property Awareness Mission (NIPAM)" at Sree Narayana Guru College of Engineering & Technology on 01/11/2022.
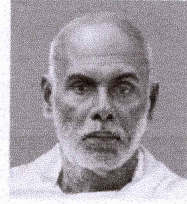

The Drives participated by our students in 2022-23 are:
