REPORT ON THE SEMINAR; EFFECTIVE COMMUNICATION AND ENGLISH GRAMMAR

The department Humanities & Applied Science of SNGCET had conducted a seminar on *"Effective Communication and English Grammar"*, on 19th June 2023, at the seminar hall for S2 students. The session was scheduled for FN session, beginning from 9:30 AM. The talk was conducted with an objective to enhance student's English grammar and communication, especially as a session to get in detail with the grammatical portions enumerated in their present curriculum.

The program was commenced with a prayer; a welcome address was given by Ms Bindiya, HOD H & S. After the Principal address by Dr.Leena A V, the session was then carried out by the resource person Ms. Reshma. Ms. Reshma had given a detailed introduction about the English grammar and she had discussed the topic and highlighted the importance of English language and grammar. After the session, students gave their valuable feedback and Ms. Reshma had also conveyed her gratitude for taking the seminar. Dr Susan Abraham, Dean PG and UG studies had done a felicitation address and congratulate the H&S department for conducting such a session.

Ms Anusree T K, AP, H & S had delivered the vote of thanks. The Principal handed over a memento as a token of gratitude and a certificate of appreciation for the resource person and a token of love was given as an appreciation for Ajmal, student of S2 CSE for the poster courtesy of the event. The event was a successful one. After the completion of the seminar, students had felt encouraged to explore these areas further.

REPORT ON THE SEMINAR; FUNDAMENTAL RIGHTS AND IT LAWS

The department Humanities & Applied Science of SNGCET had conducted a seminar on *"Fundamental Rights and It Laws"*, on 19th June 2023, at the seminar hall for S4 students of all branches. The session had commenced from 1:30 PM. The talk was conducted with an objective to enhance student's knowledge in law sector. The importance of fundamental rights and duties of an Indian citizen and the topics like IT laws and cyber security, which was beyond their curriculum were highlighted in the session. The program was commenced with a prayer, a welcome address was given by Ms Bindiya, HOD H & S.

After the Principal address by Dr. Leena A V, the session was then carried out by the resource person Adv Prasanna Manikandan. Adv. Prasanna had given a brief introduction about her profession and her experience, several current affairs were discussed in between, making the event much interacting and interesting.

After the session, students gave their valuable feedback and Adv. Prasanna had also conveyed her gratitude for taking the seminar. Dr Susan Abraham, Dean PG and UG studies had done a felicitation address and congratulate the H&S department for conducting such a session.

Ms Anusree T K, AP, H & S had delivered the vote of thanks. Ms. Bindiya, HOD H & S, handed over a memento as a token of gratitude and a certificate of appreciation for the resource person.

The event was a successful one. After the completion of the seminar, students had felt encouraged to explore these areas further.

POST EVENT ANALYSIS FORM

Submitted by the department of: Science and Humanities

I. TO BE FILLED BY THE EVENT COORDINATOR(S)

1	Event type conducted	Invited Talk
2	Event name	Fundamental Rights and IT Laws
3	Date and time of the event conducted	19/06/2023 1:30 PM
4	Venue	Seminar Hall
5	Whether the event was interdepartmental? If yes, mention the department(s) associated with	No
6	Mode of conduct [online \ offline]	Offline
7	Is there any deviation from the proposal in the date, time and venue of the event? If yes, mention the reason for change	No
8	Whether any professional body was associated with the event? If yes, name the body	No
9	Any funds received from the professional body? Indicate the amount	No
10	Participants / Target Audience	S4 Students
11	Whether the event is conducted for bridging the gap in syllabus? If Yes, name the course with code and the semester and year it the subject is handled	Yes Constitution of India – MCN 202 4th Semester, 2022-23
12	Objectives of the event	Enhance Student's knowledge in law sector
13	Expected Outcomes	Explain the role and responsibility in technological development by keeping personal ethics and legal ethics
15	Connected PO /	Ethics

12	**Connected PO / PSO**	PO 1: Engineering Knowledge PO 2: Problem Analysis PO 12: Lifelong Learning
13	**Justification for PO / PSO [may use separate sheet if necessary]**	**PO 1: Engineering Knowledge:** This PO is essential because it ensures that graduates have a solid foundation in the core principles and theories of their respective engineering discipline. Engineering knowledge forms the basis for problem-solving, design, and innovation in engineering practice. **PO 2: Problem Analysis:** Justification: Problem analysis is a critical skill for engineers as they encounter complex challenges that require systematic investigation and understanding. By emphasizing this PO, graduates are equipped with the ability to break down complex problems into manageable components, identify relevant factors, and apply appropriate analytical techniques to arrive at effective solutions. **PO 12: Lifelong Learning:** Justification: Lifelong learning is vital in engineering due to the rapid pace of technological advancement and evolving industry trends. Engineers must continuously update their skills, stay abreast of new developments, and adapt to changing requirements throughout their careers.
14	**Name of the resource person(s)**	Mr. Suvin V S
15	**Designation of the resource person (may attach separate sheet to indicate the profile)**	Lead Design Engineer
16	**Resource requirements**	System, Projector.
17	**Any fund from external source will be received? If yes, mention it.**	No
18	**Whether budget for the event is attached? (use separate sheet to indicate the estimated budget)**	No

DEPARTMENT OF MECHANICAL ENGINNERING

ALUMNI INTERACTION ON MODERN TRENDS IN QUALITY CONTROL
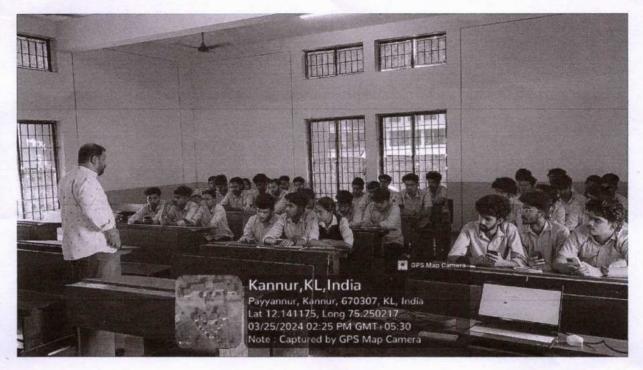

REPORT ON MODERN TRENDS IN QUALITY CONTROL

The Department of Mechanical Engineering (ME) organized an Alumni interaction session on March 25th, 2024, at 2 PM in the S8 classroom of the Mechanical department. This session was aimed at all mechanical students, with the main goal of familiarizing them with the evolution of quality control practices. Over the years, these practices have adapted to technological advancements, evolving consumer demands, and shifts in the global market dynamics.

ALUMINI INTERACTION - EVENT PHOTOS

The workshop kicked off with a warm welcome from Dr. Sudhin Chandran, the esteemed Head of the Department. Mr. Suvin V S provided expert insights, shedding light on quality control practices, technological advancements, evolving consumer preferences, and the dynamic nature of global market trends. The realm of quality control is in constant flux, driven by technological innovations, market dynamics, and shifts in consumer demands. Adapting to these modern trends in quality control is essential for organizations to remain competitive, streamline operations, and deliver exceptional products and services. Utilizing cutting-edge technologies, harnessing the power of data analytics, implementing robust quality management systems, and prioritizing customer-centric approaches are pivotal in achieving sustainable growth and maintaining a competitive advantage in today's ever-changing marketplace.

Attendees departed the session with renewed inspiration and a steadfast determination to further refine their concepts, with the aim of making a positive impact on the world through their innovative endeavors. The session, featuring informative presentations and insightful discussions, undoubtedly enriched the academic atmosphere at SNGCET.

Webinar on BRAKING SYSTEM IN INDIAN RAILWAYS

SYLLABUS

Following are the syllabus for Braking System in Indian Railways:

1. **Introduction to Railway Braking Systems**
   - Importance of braking systems in railway operations
   - Overview of primary and secondary braking systems
2. **Types of Braking Systems**
   - Air brake systems: principles and components
   - Electro-pneumatic braking systems
   - Regenerative braking in electric locomotives
3. **Braking Technology in Locomotives**
   - Brake control systems in diesel and electric locomotives
   - Role of dynamic braking in maintaining speed control
4. **Braking Technology in Rolling Stock**
   - Brake systems for passenger coaches and freight wagons
   - Modern innovations in freight car braking technology
5. **Safety and Maintenance of Braking Systems**
   - Importance of regular inspection and maintenance
   - Safety protocols and emergency braking procedures
6. **Evolution of Braking Systems in Indian Railways**
- Historical perspective on braking technology
- Impact of technological advancements on braking efficiency
7. **Challenges and Future Trends**
- Current challenges in improving braking performance
- Emerging technologies and future trends in railway braking systems

Braking System in Indian Railways

A railway brake is a type of brake used on the cars of railway trains to enable deceleration, control acceleration (downhill) or to keep them immobile when parked. An early development was the application of a steam brake to locomotives, where boiler pressure could be applied to brake blocks on the locomotive wheels. Clasp brakes are one type of brakes historically used on trains.

For long stopping distances of express trains without continuous brakes, which it became clear in adverse conditions could considerably exceed those assumed when positioning signals. Trials conducted showing that for an express train however, there was no clear technical solution to the problem earlier because of the necessity of achieving a reasonably uniform rate of braking effort throughout a train, and because of the necessity to add and remove vehicles from the train at frequent points on the journey. Train brakes are similar to that on road vehicle usage, operational features are more complex because of the need to control multiple linked carriages and to be effective on vehicles left without a prime mover.

For long stoping distance with increased speed, it became essential to provide some more powerful braking system capable of instant application and release by the train operator, described as a continuous brake because it would be effective continuously along the length of the train.

SREE NARAYANA GURU COLLEGE OF ENGINEERING & TECHNOLOGY

DEPARTMENT OF MECHANICAL ENGINEERING

Webinar on CONFLUENCE OF ROBOTICS & INDUSTRIAL AUTOMATION- A HEURISTIC APPROACH

SYLLABUS

Following are the syllabus for confluence of robotics & industrial automation:

1. **Introduction to Robotics and Industrial Automation**
   - Overview of robotics: types, components, and applications
   - Basics of industrial automation: concepts and importance
   - Role of robotics in enhancing industrial efficiency and productivity

2. **Heuristic Approaches in Robotics**
   - Introduction to heuristic methods and algorithms
   - Heuristic search techniques in robotics
   - Application of heuristic approaches for robot path planning and optimization

3. **Sensors and Actuators in Industrial Robotics**
   - Types of sensors used in industrial robotics
   - Actuation systems and their role in robotic operations
   - Integration of sensors and actuators for automation tasks

4. **Robot Kinematics and Dynamics**
   - Kinematic modeling of robotic manipulators
   - Forward and inverse kinematics
   - Dynamic analysis and control of robotic systems

5. **Industrial Robot Programming**
   - Programming languages and environments for industrial robots
   - Offline programming and simulation techniques
   - Programming techniques for robot tasks and applications

6. **Optimization Techniques in Industrial Automation**
   - Optimization fundamentals: objectives and constraints
   - Metaheuristic algorithms: genetic algorithms, simulated annealing, etc.
   - Optimization applications in robotic systems for efficiency improvement

DEPARTMENT OF MECHANICAL ENGINNERING

Report of WEBINAR ON CONFLUENCE OF ROBOTICS & INDUSTRIAL AUTOMATION- A HEURISTIC APPROACH

The Department of Mechanical Engineering (ME) at SNGCET hosted an enriching webinar titled "Confluence of Robotics & Industrial Automation - A Heuristic Approach" in the seminar hall on June 25, 2021. The webinar was led by Prof. Sumesh M, an esteemed faculty member in the Engineering Department at the University of Technology and Applied Science, Al-Musanna, Sultanate of Oman.

The session commenced with a warm welcome from Dr. Gangadharan Nair, Assistant Professor of Mechanical Engineering (HOD), who expressed gratitude to the participants, faculty, and students for their enthusiastic support. Dr. Nair emphasized the importance of fostering creativity and innovation in today's dynamic world, encouraging students to explore new ideas and opportunities.

The webinar covered several key topics:

Introduction to Robotics and Industrial Automation: Prof. Sumesh M provided an overview of robotics and its applications in industrial automation, highlighting the importance of integrating robotics to enhance efficiency and productivity in industrial processes.

Heuristic Approaches in Robotics: Prof. Sumesh explored heuristic methods used in robotics and industrial automation, emphasizing problem-solving techniques and optimization strategies applied in practical scenarios.

Case Studies and Applications: The webinar showcased case studies illustrating successful implementations of robotics in diverse industrial settings, offering insights into practical applications and benefits of robotic systems.

Interactive Q&A Session: The session concluded with an engaging question-and-answer segment, allowing participants to interact with Prof. Sumesh and seek clarifications on discussed topics.

Overall, the webinar provided a comprehensive understanding of the confluence between robotics and industrial automation, presenting innovative approaches to address contemporary challenges in manufacturing and process industries. Conducted seamlessly through Google Meet, the online mode enabled participation from diverse locations, allowing attendees to benefit from Prof. Sumesh M's expertise. The success of this webinar reflects SNGCET's commitment to fostering academic discourse and promoting interdisciplinary learning in emerging technologies, empowering students and professionals with the latest advancements in engineering and technology.

JUSTIFICATION OF PO/PSO

1. **PO 1: Engineering Knowledge:** This PO is essential because it ensures that graduates have a solid foundation in the core principles and theories of their respective engineering discipline. Engineering knowledge forms the basis for problem-solving, design, and innovation in engineering practice.

2. **PO 2: Problem Analysis:** Justification: Problem analysis is a critical skill for engineers as they encounter complex challenges that require systematic investigation and understanding. By emphasizing this PO, graduates are equipped with the ability to break down complex problems into manageable components, identify relevant factors, and apply appropriate analytical techniques to arrive at effective solutions.

3. **PO 3: Design/Development of Solutions:** Justification: Design and development are at the core of engineering practice, where engineers conceptualize and create solutions to address specific needs or challenges. This PO ensures that graduates are capable of translating theoretical knowledge into practical applications by designing innovative solutions that meet desired objectives.

4. **PO 12: Lifelong Learning:** Justification: Lifelong learning is vital in engineering due to the rapid pace of technological advancement and evolving industry trends. Engineers must continuously update their skills, stay abreast of new developments, and adapt to changing requirements throughout their careers.

These Program Outcomes collectively ensure that graduates are well-prepared to excel in their chosen engineering fields, equipped with the knowledge, skills, and mindset necessary for success in both their professional careers and ongoing personal development.

Report of the Session on WEBINAR ON DESIGN OF EXPERIMENTS

The Department of Mechanical Engineering (ME) organized the "Webinar on design of experiments" on November 21, 2023, at 7.00PM through google meet. The primary objective of the event was to understand various techniques used in Design of experiments. This section started with a welcoming address from Ms Soubhagya P S, Assistant Professor of ME. Following that, the webinar, led by Dr.Shyn CS Lecturer in Mechanical department, Govt. Polytechnic college-Chelakkara. This section was aimed to gain the knowledge in design for the students, especially for final year students . The presentation covered the topics, how to approach the project, conducting and analyzing the experiments etc. Presentation included a dedicated time for question and answer section.

To conclude the event, Mr. Sudhin Chandran, Head of Department ME, delivered the vote of thanks. He expressed gratitude to the guest, participants, faculty, and students, as well as the management.

The "Webinar on design of experiments " session proved highly successful, providing students a platform to ask their doubts regarding the project and receive valuable feedback. This section mainly discussed the various steps in design thinking,that is about designing the problem, identifying factors and levels, select experimental design, randomization, replication, experiment conducts, data collection, data analysis, conclusion, optimization and documentation. Slides of Various steps in Design of Experiments is given below

Steps in Design of Experiments

Define the Problem:
- Clearly state the problem or objective of the experiment.

Identify Factors and Levels:
- List the factors that may influence the response variable and define their levels.

Select Experimental Design:
- Choose an appropriate experimental design based on factors such as the number of factors, available resources, and the nature of the problem. Common designs include:
  - **Factorial Design:** Examines the effects of multiple factors and their interactions.
  - **Fractional Factorial Design:** Investigates a fraction of the full factorial design to reduce the number of experimental runs.
  - **Response Surface Design:** Optimizes response variables in a continuous space.
  - **Randomized Complete Block Design:** Controls for variability by grouping experimental units into blocks.

Randomization:
- Randomly assign experimental units to different treatment groups to minimize the impact of confounding variables.

Replication:
- Replicate each combination of factor levels to enhance the reliability of the results and assess variability.

Conduct Experiments:
- Implement the experimental plan, ensuring that all conditions are met and data are collected accurately.

Collect Data:
- Record the responses for each combination of factor levels.

Data Analysis:
- Use statistical methods to analyze the data, identify significant factors, and understand their effects on the response variable.

Draw Conclusions:
- Draw conclusions based on the analysis, considering the practical significance of the results.
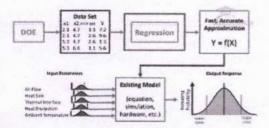

Optimization:
- If the goal is to optimize a process, use the information gained to identify the optimal factor levels for the desired response.

Documentation:
- Document the experimental design, procedures, and results for future reference and replication.

After the section the resource person explained the whole section again by using some examples. Participants left the session with a renewed sense of inspiration and determination to further refine their ideas, aiming to make a positive impact.

Report of the Session on WORKSHOP ON DESIGN THINKING
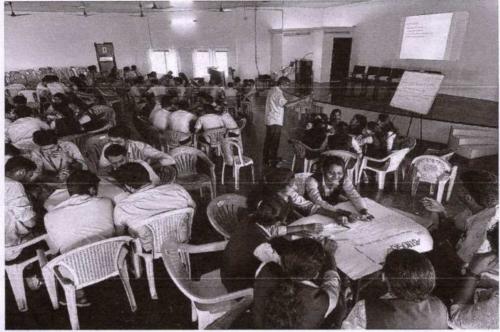

The Department of Mechanical Engineering (ME) and the Innovation and Entrepreneurship Development Cell (IEDC) jointly organized the "Workshop on Design Thinking" on November 13th, 2023, at 9:30 AM in SNGCET's seminar hall. The primary objective of the event was to provide a platform for students to present their innovative ideas and showcase their entrepreneurial mindset. The session commenced with a welcoming address from Mr. Jacob Thomas, Assistant Professor of ME (Head Project and Consultancy), expressing gratitude to participants, faculty, and students for their enthusiastic support. Mr. Jacob underscored the importance of fostering creativity and innovation in today's dynamic world, encouraging students to explore new ideas. Dr. Raji Sukumar, IEDC Coordinator, delivered the felicitation speech, commending the ME department and IEDC for organizing an event that promotes innovation and entrepreneurship. She urged students to leverage the resources available at SNGCET for the development of their ideas and projects. Following the address, the workshop, led by Mr. Sadasivan K.K, K-DISC Mentor, commenced. This segment, eagerly anticipated, highlighted the creativity and entrepreneurial spirit of the students. The presentations covered a diverse range of topics, from software applications to sustainable solutions for real-world problems. Each presentation included a dedicated time for demonstration and Q&A.

To conclude the event, Mr. Sudhin Chandran, Head of Department ME, delivered the vote of thanks. He expressed gratitude to participants, faculty, and students, as well as the management, sponsors, and the IEDC cell for their unwavering support in ensuring the success of the workshop.

The "Design Thinking Workshop" session proved highly successful, providing students with a platform to showcase their innovative ideas and receive valuable feedback. It underscored the ME department and IEDC's dedication to cultivating a culture of innovation and entrepreneurship at SNGCET. Such gatherings are instrumental in equipping students for the challenges and opportunities of the modern world. Upon concluding the session, participants left with a renewed sense of inspiration and determination to further refine their ideas, aiming to positively impact the world through their innovations. The session, characterized by informative presentations and insightful addresses, unquestionably enhanced the academic environment at SNGCET.

JUSTIFICATION OF PO/PSO

1. **PO 1: Engineering Knowledge:** This PO is essential because it ensures that graduates have a solid foundation in the core principles and theories of their respective engineering discipline. Engineering knowledge forms the basis for problem-solving, design, and innovation in engineering practice.

2. **PO 2: Problem Analysis:** Justification: Problem analysis is a critical skill for engineers as they encounter complex challenges that require systematic investigation and understanding. By emphasizing this PO, graduates are equipped with the ability to break down complex problems into manageable components, identify relevant factors, and apply appropriate analytical techniques to arrive at effective solutions.

3. **PO 3: Design/Development of Solutions:** Justification: Design and development are at the core of engineering practice, where engineers conceptualize and create solutions to address specific needs or challenges. This PO ensures that graduates are capable of translating theoretical knowledge into practical applications by designing innovative solutions that meet desired objectives.

4. **PO 12: Lifelong Learning:** Justification: Lifelong learning is vital in engineering due to the rapid pace of technological advancement and evolving industry trends. Engineers must continuously update their skills, stay abreast of new developments, and adapt to changing requirements throughout their careers.

These Program Outcomes collectively ensure that graduates are well-prepared to excel in their chosen engineering fields, equipped with the knowledge, skills, and mindset necessary for success in both their professional careers and ongoing personal development.

IC ENGINE SURGERY- ENGINE OVERHAULING WORKSHOP

One of the most interesting workshops was IC Engine Surgery – Engine overhauling workshop headed by Team Tech Sun Pvt. Ltd. 40 students registered and participated in a full day hands on training workshop held on 29th April 2023.

In the "IC engine surgery workshop", students get first-hand experience by dis- mantling and assembling a real 4 stroke IC Engine. The hands-on training will make the students explore the knowledge about the design, components, and materials inside the IC engine.

It's a one full day session consists of expert theory class on automobile parts and engine working cycle by Mr. Sharath from Tech sun. Theory Session consists ofPrinciple of IC engine, Basic Components of Engine, Basic Nomenclature, Classification of Engines Operation inside the engine, Basics of Power transmission Spark Plug and fuel injector, Introduction to Alternative fuels, History of automobile, engines, classification. Working cycle, strokes (2 stroke and 4 stroke), Engine Classification - fuel, stroke, CC, arrangement of pistons etc., Components of IC engine, functions, materials, Diesel engines v/s petrol engines, Real time working - animations.
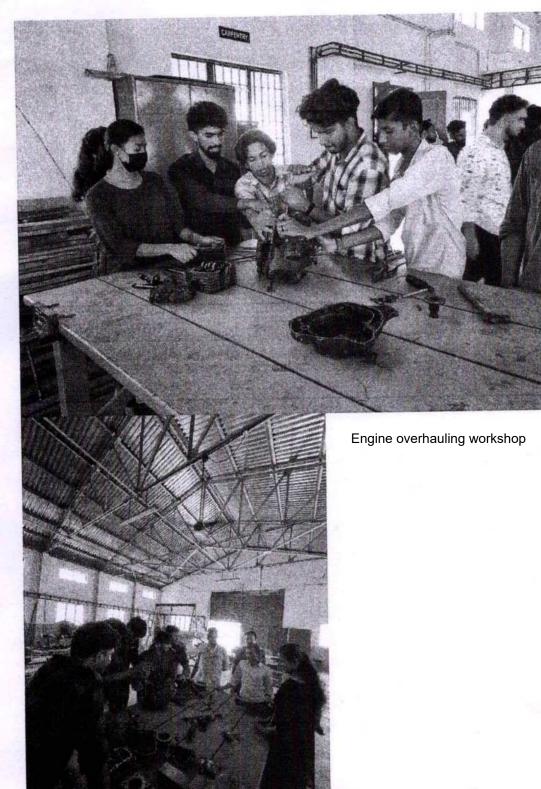

It is followed by hands own session on 4 stroke Bajaj pulsar DTSI engine dismantling and assembling as a team of maximum 8 members. Each participant involved in hands on session with so much interest and enthusiasm. The workshop concluded at 4.30 PM

DEPARTMENT OF MECHANICAL ENGINEERING

Webinar on Modern Engineering: Essentials for Excellence

SYLLABUS

Following are the syllabus for Modern Engineering: Essentials for Excellence:

1. **Trends in Engineering**: The speakers discussed current trends shaping the engineering landscape, such as digital transformation, sustainability, and emerging technologies like AI and IoT.

2. **Skills for Excellence**: Essential skills required for engineers today, including problem-solving, critical thinking, communication, and adaptability, were emphasized.

3. **Industry Insights:** Insights into industry expectations, career paths, and the importance of continuous learning and professional development were shared.

4. **Interactive Q&A**: A lively Q&A session followed the presentations, allowing participants to engage directly with the speakers, asking questions and seeking further clarification on key topics.

DEPARTMENT OF MECHANICAL ENGINNERING

Report of the Webinar on Modern Engineering: Essentials for Excellence

The Department of Mechanical Engineering (ME) at SNGCET organized the "Webinar on Modern Engineering: Essentials for Excellence" on June 25th, 2021, at 9:30 AM in the seminar hall. The purpose of this webinar was to guide engineering students in aligning their careers with advancements in modern engineering and understanding the essentials for achieving excellence in contemporary industries. Dr. Shijin P Kozhumal, Assistant Professor in the Fire Protection and Safety Engineering Technology Program at the College of Justice and Safety, Eastern Kentucky University, Kentucky, USA, served as the key speaker for this event.

The session began with a welcoming address delivered by Dr. Gangadharan Nair, Assistant Professor of Mechanical Engineering. Dr. Nair expressed gratitude to the participants, faculty, and students for their enthusiastic support. He highlighted the importance of nurturing creativity and innovation in today's rapidly evolving world, encouraging students to explore new ideas and opportunities.

1. Trends in Engineering: The speakers discussed current trends shaping the engineering landscape, such as digital transformation, sustainability, and emerging technologies like AI and IoT.
2. Skills for Excellence: Essential skills required for engineers today, including problem-solving, critical thinking, communication, and adaptability, were emphasized.
3. Industry Insights: Insights into industry expectations, career paths, and the importance of continuous learning and professional development were shared.
4. Interactive Q&A: A lively Q&A session followed the presentations, allowing participants to engage directly with the speakers, asking questions and seeking further clarification on key topics.

The webinar on "Modern Engineering: Essentials for Excellence" organized by SNGCET proved to be an enriching experience for all participants. The event provided a platform to bridge the gap between academia and industry, equipping attendees with the knowledge and skills needed to excel in today's dynamic engineering landscape. Overall, the webinar was successful in achieving its objective of enlightening participants about the essentials of modern engineering and inspiring them to pursue excellence in their academic and professional journeys.

Report of the Orientation Programme for IEDC SNGCET

Date: 4th April 2023

Venue: SNGCET, [Meeting hall]

The Innovation and Entrepreneurship Development Cell (IEDC) of SNGCET conducted its annual orientation programme on the 4th of April, 2023. The event was graced by Dr. Leena AV, the Principal of SNGCET, and featured Mr. Vinod K, a respected lecturer from EKNMGPTC Trikaripur, as the resource person. The highlight of the event was the unveiling of the new IEDC SNGCET logo.

1. Presidential Address: The programme began with a warm welcome to all attendees. Dr. Leena AV, Principal of SNGCET, delivered the inaugural address. She emphasized the importance of fostering innovation and entrepreneurship among students and how IEDC plays a pivotal role in achieving this goal. Dr. Leena AV encouraged students to take advantage of the resources provided by IEDC and to pursue their entrepreneurial dreams.

2. Resource Session by Mr. Vinod K: Mr. Vinod K, an accomplished lecturer from EKNMGPTC Trikaripur, conducted an engaging and informative session on various aspects of entrepreneurship. He shared valuable insights on ideation, business planning, and the challenges and opportunities in the entrepreneurial world. Mr. Vinod K's session was well-received by the attendees, who found his expertise inspiring and educational.

3. Unveiling of IEDC SNGCET Logo: A moment of pride for the IEDC team and the college community was the unveiling of the new IEDC SNGCET logo. The logo, a symbol of innovation and entrepreneurship, was revealed during the same function. It captures the spirit of creativity, innovation, and forward-thinking, which are the core values of IEDC. The designer behind the logo is Aswanth C, a student from Mechanical Engineering department.

PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY, PAYYANUR
KANNUR

4. Interactive Q&A Session: Following Mr. Vinod K's presentation, an interactive Q&A session was held. Attendees had the opportunity to ask questions and seek further clarification on various entrepreneurship-related topics. The session fostered engagement and encouraged students to think critically about their entrepreneurial aspirations.

5. Networking and Refreshments: After the formal programme, attendees had the chance to network and interact with each other, as well as with Dr. Leena AV and Mr. Vinod K. Refreshments were served, allowing for informal discussions and the exchange of ideas among students, faculty, and the guest speaker.

The IEDC Orientation Programme conducted on 4th April 2023 was a resounding success, thanks to the dynamic leadership of Dr. Leena AV, the insightful presentation by Mr. Vinod K, and the unveiling of the new IEDC SNGCET logo. The event not only provided valuable insights into entrepreneurship but also fostered a sense of community and collaboration among students and faculty. It is hoped that this programme will inspire and empower students to embark on their entrepreneurial journeys and contribute to the growth and development of the entrepreneurial ecosystem at SNGCET.

10	Objectives of the event	Foster Entrepreneurial Mindset Develop Business Ideation Skills Enhance Problem-Solving Abilities
11	Expected Outcomes	CO1 Enhanced Entrepreneurial Mindset with innovation CO2 Increased Ability to Generate and Evaluate Business Ideas
12	Connected PO / PSO	1 PROBLEM ANALYSIS 2. DESIGN MODEL 3. SOLUTION DEVELOPMENT
13	Justification for PO / PSO [may use separate sheet if necessary]	Enhancing problem analysis skills among participants in "The **PROBLEM ANALYSIS** : Bridge Course on Entrepreneurship and Innovation" is crucial as it forms the foundation for innovation and entrepreneurial success. By honing their ability to dissect and understand complex problems, participants can identify untapped

110

market opportunities and develop creative solutions to address them. This skill enables entrepreneurs to anticipate and mitigate potential risks associated with their ventures, increasing the likelihood of success. Furthermore, effective problem analysis allows for the validation and refinement of business ideas, ensuring their alignment with market needs and preferences. Lastly, fostering a culture of continuous problem analysis promotes adaptability and iteration, empowering entrepreneurs to evolve their ventures in response to changing market dynamics and customer feedback.

DESIGN MODEL: Enhancing the attainment of design model skills among participants in "The Bridge Course on Entrepreneurship and Innovation" is essential for fostering innovation and product development. Proficiency in design modeling equips entrepreneurs with the ability to visualize and iterate on product concepts, leading to the creation of user-centric solutions. This skill enables entrepreneurs to effectively communicate their ideas to stakeholders, investors, and potential customers, facilitating buy-in and support for their ventures. Additionally, mastery of design modeling enhances the feasibility assessment of product ideas, allowing entrepreneurs to identify and address potential challenges early in the development process. Ultimately, a strong foundation in design modeling empowers entrepreneurs to create compelling, market-ready products that meet the evolving needs of their target audience.

SOLUTION DEVELOPMENT

Enhancing the attainment of solution development skills among participants in "The Bridge Course on Entrepreneurship and Innovation" is crucial for turning innovative ideas into actionable business ventures. Proficiency in solution development enables entrepreneurs to systematically transform concepts into tangible products or services that address identified market needs. This skill facilitates the creation of scalable and sustainable solutions, enhancing the potential for long-term business success. Furthermore, mastery of solution development methodologies allows entrepreneurs to iterate on their offerings based on feedback and market validation, ensuring continuous improvement and relevance. Ultimately, a robust capability in solution development empowers entrepreneurs to bring value to customers, differentiate themselves in the marketplace, and drive growth for their ventures.

Report: Entrepreneurship and Innovation

Bridge Course

On 01/08/2023 Time 9.00am to 4.00pm Venue Meeting Hall

Introduction:

In the ever-evolving landscape of entrepreneurship, the journey from a mere idea to a booming venture demands more than just creativity and determination. It demands a structured and strategic approach that turns the sparks of innovation into the flames of success. The notion of entrepreneurship is not solely about snatching an opportunity; it's about crafting opportunities, and mastery of a proven structure comes into play. The saying "If Opportunity Doesn't Knock, Build a Door" encapsulates the spirit of flexibility, adaptability, and creativity that drives entrepreneurs to create their own pathways to success.

Course Overview

- The goals of this programme to inspire students and help them absorb an entrepreneurial mind-set.

- The students will learn what entrepreneurship is and how it has impacted the world and their country.

- They will be introduced to key qualities of an entrepreneur, and be given an opportunity to assess their own strengths and identify gaps that need to be addressed to become a successful entrepreneur.

Module-I: Introduction to Entrepreneurship

Meaning and concept of entrepreneurship, possibilities.

Module-II: The Entrepreneur

Why to become entrepreneur, the skills/ traits required to be an entrepreneur, Creative and Design Thinking, the entrepreneurial decision process, lean canvas.

Understanding the Principle:

1. **Proactive Mindset**: Instead of passively waiting for the right moment, this principle encourages individuals to take the initiative. Entrepreneurship is about snatching opportunities, and that often involves identifying gaps in the market, untapped needs, or innovative solutions that can address challenges.

114

2. **Creative Problem-Solving**: Building a door means finding unique solutions to problems. Entrepreneurs thrive when they can creatively address pain points or provide value in novel ways. This approach encourages thinking beyond convention and fostering a culture of innovation.

3. **Resilience and Determination:** Entrepreneurship is marked by challenges and setbacks. The principle of building a door emphasizes the importance of resilience and determination. Entrepreneurs need to overcome obstacles, learn from failures, and adapt their strategies to changing circumstances.

4. **Initiating Action**: Waiting for the "right time" can lead to missed opportunities. Instead, this principle encourages taking action now. Starting the entrepreneurial journey might involve launching a minimum viable product (MVP), testing an idea, or reaching out to potential partners or investors.

Application to Entrepreneurship:

1. **Idea Generation**: Instead of waiting for a revolutionary idea to come along, aspiring entrepreneurs can actively brainstorm and research to identify market gaps or areas where their expertise can make a difference.

2. **Market Research**: Building a door involves understanding the target market's needs deeply. Entrepreneurs can gather insights, conduct surveys, and analyze trends to develop a solution that resonates with potential customers.

3. **Innovation**: Entrepreneurs can leverage the principle by focusing on innovation. This could involve developing a new product, service, or business model that disrupts existing markets or creates new ones.

4. **Networking and Partnerships**: Entrepreneurs can build doors by forming connections with mentors, advisors, and potential collaborators. Networking can open up opportunities for learning, growth, and even funding.

5. **Resource Mobilization**: Rather than waiting for funding to magically appear, entrepreneurs can actively seek out funding sources, pitch to investors, or explore crowd funding platforms to kick-start their ventures.

By embracing this principle, individuals can take control of their entrepreneurial journey, create opportunities from challenges, and set themselves on a path toward success. Remember, entrepreneurship is not just about waiting for doors to open—it's about having the courage and self determination to build those doors.

Learning Outcomes

The expected Student Learning Outcomes for the Entrepreneurship and Innovation Program are:

- Students will be able to sell themselves and their ideas. master oral and visual presentation skills and establish a foundation of confidence in the skills necessary to cause others to act.

- Students will be able to find problems worth solving. advance their skills in customer development, customer validation, competitive analysis, and iteration while utilizing design thinking and process tools to evaluate in real-world problems and projects.

- Students will be able to mobilize people and resources. identify and secure customers, stakeholders, and team members through networks, primary customer research, and competitive and industry analyses in order to prioritize and pursue an initial target market in real-world projects.

- Students will be able to create value. are able to create presentations and business plans that articulate and apply financial, operational, organizational, market, and sales knowledge to identify paths to value creation through 1) company formation (for profit); 2) social innovation (nonprofit); or 3) intellectual property licensing.

- Students will develop and cultivate endurance. increase their awareness and deliberately practice the skills and disciplines necessary to increase confidence and agency; foster self-efficacy and self-advocacy; improve communication and problem solving skills, manage strong impulses and feelings; and identify personal purpose.

13	Expected Outcomes	**CO1** Enhanced Entrepreneurial Mindset with innovation **CO2** Increased Ability to Generate and Evaluate Business Ideas

15	Connected PO / PSO	1 PROBLEM ANALYSIS 2. DESIGN MODEL 3. SOLUTION DEVELOPMENT
16	**Justification for PO / PSO [may use separate sheet if necessary]**	Enhancing problem analysis skills among participants in "The **PROBLEM ANALYSIS :** Bridge Course on Entrepreneurship and Innovation" is crucial as it forms the foundation for innovation and entrepreneurial success. By honing their ability to dissect and understand complex problems, participants can identify untapped market opportunities and develop creative solutions to address them. This skill enables entrepreneurs to anticipate and mitigate potential risks associated with their ventures, increasing the likelihood of success. Furthermore, effective problem analysis allows for the validation and refinement of business ideas, ensuring their alignment with market needs and preferences. Lastly, fostering a culture of continuous problem analysis promotes adaptability and iteration, empowering entrepreneurs to evolve their ventures in response to changing market dynamics and customer feedback. **DESIGN MODEL:** Enhancing the attainment of design model skills among participants in "The Bridge Course on Entrepreneurship and Innovation" is essential for fostering innovation and product development. Proficiency in design modeling equips entrepreneurs with the ability to visualize and iterate on product concepts, leading to the creation of user-centric solutions. This skill enables entrepreneurs to effectively communicate their ideas to stakeholders, investors, and potential customers, facilitating buy-in and support for their ventures. Additionally, mastery of design modeling enhances the feasibility assessment of product ideas, allowing entrepreneurs to identify and address potential challenges early in the development process. Ultimately, a strong foundation in design modeling empowers entrepreneurs to create compelling, market-ready products that meet the evolving needs of their target audience. **SOLUTION DEVELOPMENT** Enhancing the attainment of solution development skills among participants in "The Bridge Course on Entrepreneurship and Innovation" is crucial for turning innovative ideas into actionable business ventures. Proficiency in solution development enables entrepreneurs to systematically transform concepts into tangible products or services that address identified market needs. This skill facilitates the creation of scalable and sustainable solutions, enhancing the potential for long-term business success. Furthermore, mastery of solution development methodologies allows entrepreneurs to iterate on their offerings based on feedback and market validation, ensuring continuous improvement and relevance. Ultimately, a robust capability in solution development empowers entrepreneurs to bring value to customers, differentiate themselves in the marketplace, and drive growth for their ventures.

Title: **IDEAZEST- Idea Presentation**

The IDEAZEST Idea Presentation, where creativity meets innovation, and ideas are transformed into compelling solutions! In this dynamic event, we showcase the ingenuity and entrepreneurial spirit of our participants as they unveil their innovative concepts aimed at addressing real-world challenges and seizing emerging opportunities. IDEAZEST serves as a platform for aspiring entrepreneurs, innovators, and visionaries to present their ideas, receive feedback, and gain valuable insights from a diverse audience of peers, mentors, and industry experts. With a focus on fostering collaboration, creativity, and problem-solving, IDEAZEST inspires and empowers participants to turn their dreams into reality, driving positive change and making a meaningful impact in the world. Join us as we embark on an exciting journey of exploration, discovery, and transformation at IDEAZEST Idea Presentation

Course Highlights:

The course began with an introduction to the principles of entrepreneurship and innovation, emphasizing the significance of creative thinking and problem-solving. Over the course duration, participants were organized into five groups, each tasked with generating an innovative business idea.

Idea Generation and Development:

Students engaged in brainstorming sessions, tapping into their collective creativity to conceptualize unique and viable business ideas. Each group selected one idea to further develop, working on aspects such as market analysis, revenue model, target audience, and value proposition.

Business Model Preparation:

After selecting their innovative ideas, participants proceeded to develop comprehensive business models. This stage required a deeper understanding of the market landscape, potential competitors, and the specific problem their idea aimed to solve. The groups learned to fine-tune their ideas to align with market demands and feasibility.

Dr. LEENA A. V.
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY, PAYYANUR
KANNUR

127

Pitch Presentation:

The culmination of the course was the pitch presentation session. Each group had the opportunity to present their innovative business idea in front of a judging panel comprised of faculty members and industry experts. These presentations showcased the students' ability to articulate their ideas persuasively, highlighting their business models' potential.

Judging and Results:

The judging panel evaluated the presentations based on criteria such as innovation, feasibility, market potential, and presentation skills. The judges' diverse expertise ensured a comprehensive evaluation process. After careful deliberation, the judges announced the ranks for each group, recognizing the most promising and innovative ideas.

Outcome and Learning:

The Bridge Course successfully achieved its objectives of fostering entrepreneurial thinking and promoting innovation among participants. Students not only gained insights into idea generation and business model development but also honed their presentation skills. The course provided a platform for participants to learn from each other's ideas and engage in constructive discussions.
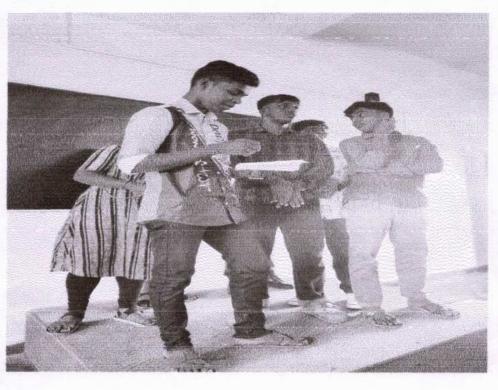

Conclusion:

The Bridge Course on Entrepreneurship and Innovation, led by Dr. Raji Sukumar A, played a pivotal role in equipping participants with the knowledge, skills, and confidence to approach business challenges innovatively. The engaging sessions, idea competitions, and pitch presentations collectively contributed to a transformative learning experience, setting the foundation for a future generation of innovative entrepreneurs.
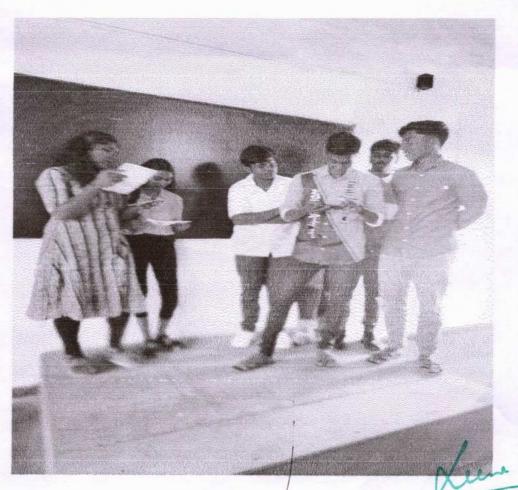

Acknowledgments:

We extend our gratitude to Dr. Raji Sukumar A, Mr. Shyaman P, for their guidance and commitment throughout the course evaluation. We also thank the judging panel and participants for their enthusiastic participation and dedication to the spirit of entrepreneurship and innovation.

A Report On TechGenesis1.0 2023
VENUE: MEETING HALL , SNGCET

DATE : 16/11/2023

IEDC Panel TechGenesis1.0 Inauguration

The Inauguration Function of TechGenesis1.0 2023 was held on 16th November 2023. The event commenced with a formal inauguration ceremony. Dr. Leena Av (principal), with her insightful words, officially inaugurated the IEDC event, emphasizing the importance of innovation in today's dynamic world.

Following the inauguration, the Technical Session unfolded, providing a platform for students to know more about IEDC . Presentations were conducted by the members of IEDC .

The event culminated with a panel discussion by Mr. Jacob Thomas(head of project and consultancy SNGCET). Attendees gained valuable knowledge and perspectives that are instrumental in nurturing an entrepreneurial mindset.

EVENT PROPOSAL FORM

Submitted by: IEDC

I. TO BE FILLED BY THE EVENT COORDINATOR(S)

1	Event type	WORKSHOP
2	Event name	Techgenesis 1.0 2023
3	Whether the event is inter departmental? If yes, mention the other department(s) associated with	No
4	Mode of conduct [online / offline]	Offline
5	Date and time	16/11/2023 10am
6	Venue	Meeting hall
7	Whether any professional body is associated with the event? If yes, name the body	No
8	Participants / Target Audience	IEDC Members
9	Whether the event is conducted for bridging the gap in syllabus? If Yes, name the course with code and the semester and year it the subject is handled	No
10	Objectives of the event	IEDC Executive Committee is formed annually, comprising institution representatives
11	Expected Outcomes	**CO1** Explore IEDC, **CO2** Roles and responsibilities of ExeCom
12	Connected PO / PSO	1 PROBLEM ANALYSIS 2. DESIGN MODEL 3. SOLUTION DEVELOPMENT
13	Justification for PO / PSO [may use separate sheet if necessary]	Enhancing problem analysis skills among participants in "The **PROBLEM ANALYSIS :** Bridge Course on Entrepreneurship and Innovation" is crucial as it forms the foundation for innovation and entrepreneurial success. By honing their ability to dissect and understand complex problems, participants can identify untapped market opportunities and develop creative solutions to address them. This skill enables entrepreneurs to anticipate and mitigate potential risks associated with their ventures, increasing the

Dr. LEENA A. V.

SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY, PAYYANUR
KANNUR

139

likelihood of success. Furthermore, effective problem analysis allows for the validation and refinement of business ideas, ensuring their alignment with market needs and preferences. Lastly, fostering a culture of continuous problem analysis promotes adaptability and iteration, empowering entrepreneurs to evolve their ventures in response to changing market dynamics and customer feedback.

DESIGN MODEL: Enhancing the attainment of design model skills among participants in "The Bridge Course on Entrepreneurship and Innovation" is essential for fostering innovation and product development. Proficiency in design modeling equips entrepreneurs with the ability to visualize and iterate on product concepts, leading to the creation of user-centric solutions. This skill enables entrepreneurs to effectively communicate their ideas to stakeholders, investors, and potential customers, facilitating buy-in and support for their ventures. Additionally, mastery of design modeling enhances the feasibility assessment of product ideas, allowing entrepreneurs to identify and address potential challenges early in the development process. Ultimately, a strong foundation in design modeling empowers entrepreneurs to create compelling, market-ready products that meet the evolving needs of their target audience.

SOLUTION DEVELOPMENT

Enhancing the attainment of solution development skills among participants in "The Bridge Course on Entrepreneurship and Innovation" is crucial for turning innovative ideas into actionable business ventures. Proficiency in solution development enables entrepreneurs to systematically transform concepts into tangible products or services that address identified market needs. This skill facilitates the creation of scalable and sustainable solutions, enhancing the potential for long-term business success. Furthermore, mastery of solution development methodologies allows entrepreneurs to iterate on their offerings based on feedback and market validation, ensuring continuous improvement and relevance. Ultimately, a robust capability in solution development empowers entrepreneurs to bring value to customers, differentiate themselves in the marketplace, and drive growth for their ventures.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

The Department of Electrical and Electronics Engineering conducted online Webinar session on the topic Automation Nexus: Exploring SCADA ,PLCs and HMI by the resource person Ms. Fidha K M , Branch Technical Lead , IPCS GLOBAL , for all the students on 25/02/2024 in association with SAEEE at 2pm. Total of 60 students participated in the webinar session.

The event was inaugurated by Mr. Abhilash Krishnan T K, HoD EEE,SNGCET. Welcome addresses were delivered by Ms. Surya K (AP EEE). The program was co-ordinated by Ms. Rinsha T V and Ms. Surya K (AP EEE). Students actively participated in the questionnaire session. Ms. Aswathi Ravindran (AP EEE) delivered vote of thanks. The webinar session was concluded at 3pm.

Greetings from the Electrical and Electronics Engineering Department of Sree Narayana Guru College of Engineering & Technology, Payyanur!

We are thrilled to announce an upcoming webinar session titled "Automation Nexus: Exploring PLCs, SCADA, and HMI," aimed at providing profound insights into industrial automation technologies.

Key Highlights:

In-depth exploration led by experienced professionals from the field

Comprehensive overview of PLCs, SCADA, and HMI systems

Practical insights to enhance your understanding and application of automation technologies

Save the Date:

Sunday, February 25th, 2024

2:00 p.m. - 3:00 p.m

Who Should Attend: Students ,Faculty members of SNGCET

Don't miss out on this valuable opportunity to expand your knowledge and expertise in industrial automation!

Register now:

REPORT

" BENEFITS OF IEEE MEMBERSHIP FOR STUDENTS AND MEMBER RESOURECES "

A online workshop on "BENEFITS OF IEEE MEMBERSHIP FOR STUDENTS AND MEMBER RESOURECES" was organised by the Department of Electrical and Electronics Engineering, SNGCET, on 26th March 2023 at 10.30 am. This online workshop was conducted by the Guest of Honour and resource person, Dr. J.P. Sridhar, Associate Professor, Department of EEE, SJB Institute of Technology, Bangalore. The online workshop was presided over by the Principal, Dr. Leena A V, Dean UG and PG Studies, Dr. Susan Abraham, and HoD Electrical and Electronics Engineering, Mr. Abhilash Krishnan T K.

The session was very informative and valuable which helped the students to get a clear idea about IEEE Membership.

The event was co-ordinated by Mr. Manu C, and vote of thanks by Mr. Abhina C, AP, S6 EEE. The seminar concluded at 1 pm.

REPORT ON SEMINAR –"CONSCIOUS MARKETING"

A seminar on "Conscious Marketing -Marketing for the New Age" was organised by the Department of Electrical and Electronics Engineering in association with the IEDC cell, SNGCET, on 25th September 2023 in college Seminar Hall at 9.30 am. This seminar was conducted by the Guest of Honour and resource person, Mr. Jayadev K T, a thought leader and author of " Marketing KARMA". The seminar was presided over by the Principal, Dr. Leena A V, Dean UG and PG studies, Dr. Susan Abraham, Nodal officer of IEDC, Dr. Raji Sukumar A, and HoD Electrical and Electronics Engineering, Mr. Abhilash Krishnan T K.

The session was very informative and valuable which helped the students to get a clear idea and present day scenario about conscious marketing. The resource person created a friendly environment and made the session engaging , interesting and participative through interactions and a lot of educative videos like advertisements case studies etc.
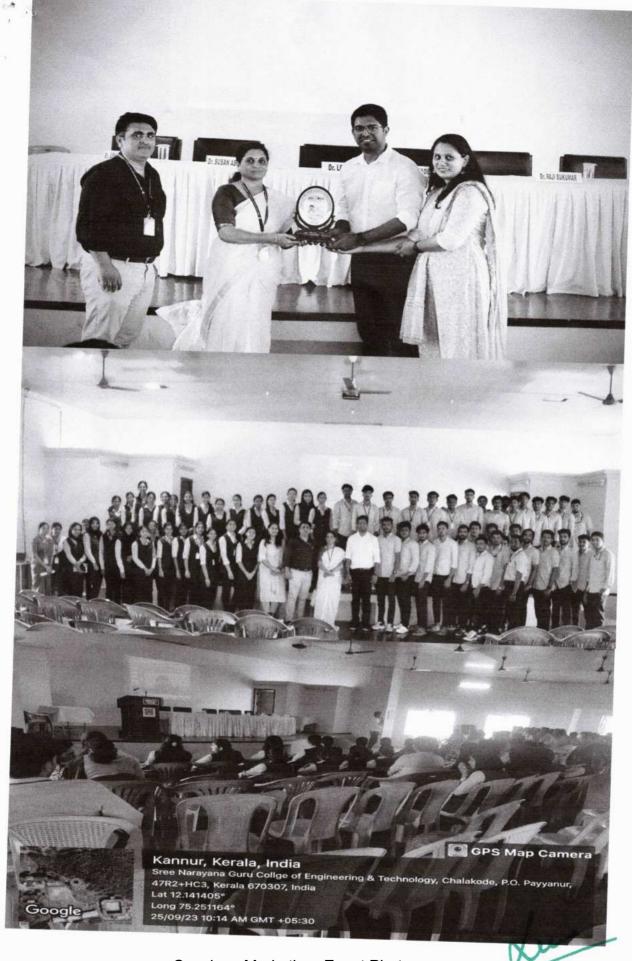

The event was co-ordinated by Ms. Rinsha T V, AP EEE and S7 student Ms. Aswathi P P. The seminar was attended by the S7 students of all the braches. The Guest of honour was presented with a memento by the Principal as a token of appreciation. The seminar concluded at 1 pm.

FEEDBACK FORM

Seminar on Conscious marketing

Organized by the *Department of Electrical and Electronics Engineering, SNGCET, Payyanur*
(Kindly note only single response is enabled)

Name (in full) *

Aswathi PP

Department* *

EEE

About the session* *

The seasion was great and the speaker made the seasion fun and engaging. The idea was made simple
and was taught to us.

Relevance of the topic *

In the scenario of people marketing things without even knowing the product and all, this session is a very
relevant one.

Would you like to attend more such sessions from the department online and offline *

Yes

POST EVENT ANALYSIS FORM

Submitted by the department of: ELECTRICAL AND ELECTRONICS ENGINEERING

I. TO BE FILLED BY THE EVENT COORDINATOR(S)

1	Event type conducted	Seminar
2	Event name	Conscious Marketing
3	Date and time of the event conducted	25-09-23, 9.30 a.m
4	Venue	Seminar Hall
5	Whether the event was interdepartmental? If yes, mention the department(s) associated with	No
6	Mode of conduct [online \ offline]	offline
7	Is there any deviation from the proposal in the date, time and venue of the event? If yes, mention the reason for change	NO
8	Whether any professional body was associated with the event? If yes, name the body	No
9	Any funds received from the professional body? Indicate the amount	No
10	Participants / Target Audience	S7 students
11	Whether the event is conducted for bridging the gap in syllabus?If Yes, name the course with code and the semester and year it the subject is handled	No

176

12	Objectives of the event	To promote brand awareness, loyalty, and sales while prioritizing ethical, sustainable, and socially responsible practices, fostering genuine connections with consumers, and contributing positively to communities and the environment.
13	Expected Outcomes	Beginning of new carrier path
15	Connected PO / PSO	PO2,PO3,PO6,PO9,PO10
16	Justification for PO / PSO [may use separate sheet if necessary]	Problem analysis, Design and development of solution , Engineers and society, Individual and team work ,Communication
17	Whether feedback forms from audience and resource person is collected?	Yes
18	Whether analysis of feedback is done? Use separate sheet to indicate the same	No
19	Attainment level of outcomes	No
20	Name of the resource person	JayaDev K T
21	Designation of the resource person(s)	Thought Leader and author of Marketing Karma
22	Any other relevant information	nil
23	Name of the event coordinator(s)	Rinsha T V
24	Dated signature of the coordinator(s)	

II. **TO BE FILLED BY THE DEPARTMENT HOD (any one of the HoD, in case if the event is jointly conducted by various department(s))**

List of enclosures – To be maintained in the file

APPENDIX A
COURSE SCHEDULE

Day 1	**Session 1**	• Introduction to AUTOCAD • Familiarization of CAD Environment. • Introduction to Coordinate systems • Creating files/ folders- Naming of files/folders-Basic features of CAD software • Setting the work space/work bench- 2D drafting/sketching- Status bar/tool bar settings. • Simple drawing commands • Edit commands • Modifying commands
	Session 2	• View commands • Modify commands • Object selection Preparation of 2D drawings • Dimensioning • Layer and block control • Block Editor • Dimension styles • Scaling • Editing Preparation of 2D drawings-X-ref- commands Printing/ Plotting of drawings
Day 2	**Session 3**	• Introduction to Electrical CAD • Drawing Commands • Project creation PROJECT 1 • LAP WINDING/WAVEWINDING
	Session 4	PROJECT 2 • SUBSTATION LAYOUT 1 PROJECT 3 • SINGLE PHASE/THREE PHASE CORE TYPE TRANSFORMER

TWO DAYS WORKSHOP ON RECENT TRENDS IN ELECTRICAL CAD

SNGCET hosted a two day workshop entitled "RECENT TRENDS IN ELECTRICAL CAD"on 30th september 2018 and 1st October 2018, organized by EEE Department. It was successfully completed with 40 participants in the workshop from various institutions. The session was inaugurated by Dr. V K Janardanan, Principal SNGCET. He has speculated the importance of electrical CAD in modern day applications and the relevance in the college curriculum. He also advised to conduct such workshops for the benefits of students. Lt. Col. Praveen C highlighted about the electrical CAD and emphasized the relevance of the workshops in the present industrial scenario.
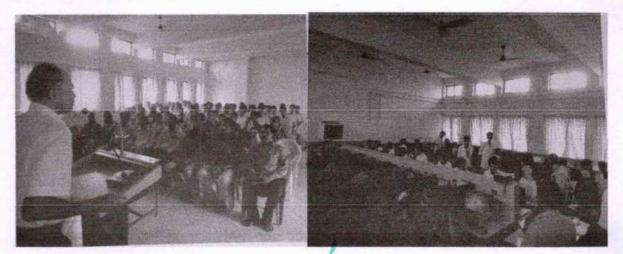

The sessions were conducted by Mr. Sreehari S Asst.Professor Adisankara Institute Of Engineering And Technology ,Kalady. Theory and practical sessions were conducted in order to understand the basic concepts of electrical CAD. Fully-fledged lab facilities were arranged for all the participants to gain hands on experience on electrical CAD .

All the participants expressed their satisfaction and happiness for the sessions. The total involvement of the participants with good interactive session made the workshop a grant success. All the participants were provided with a certificate.

The workshop was successfully organized and the participants appreciated the management and the organizers for conducting this workshop.

Workshop schedule

An outline of the workshop activities can be found in Appendix A

KANNUR

3. Load Dispatching Centre: The webinar delved into the functioning of the Load Dispatching Center, elucidating its pivotal role in balancing power demand and supply, thereby ensuring grid stability.

4. National Power Grid System and its Importance: The discussion extended to the integration of Kerala's power grid with the national grid system, underscoring its importance in ensuring reliable and uninterrupted power supply.

5. Career Opportunities in the Power Sector in Kerala:Er. G. Mohanan shared valuable insights into the diverse career opportunities available in the power sector of Kerala, motivating students to explore and contribute to this vital industry.

Conclusion:

The webinar on the "Electrical Power Generation Scenario in Kerala" conducted by the Department of ECE in collaboration with the Department of EEE, featuring Er. G. Mohanan from KSEB, provided a comprehensive understanding of various facets of power generation, transmission, and distribution in Kerala. The interactive session served as a valuable platform for students and faculty members to gain insights into the dynamic field of electrical engineering and its applications in the context of Kerala's power infrastructure.

This webinar not only enhanced the participants' understanding but also inspired them to explore career opportunities and contribute to the advancement of the power sector in Kerala.

Attendee Feedback:

Feedback from attendees indicated high levels of satisfaction with the webinar content and presentation style. Participants appreciated the opportunity to interact with an industry expert and gain practical insights into the power sector.

Overall, the webinar was a resounding success, fostering greater awareness and interest in the field of electrical engineering among the academic community.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

Webinar on Electrical Power Generation Scenario in Kerala

Conducted by the Department of Electrical and Electronics Engineering (EEE), in association with the **Department of Electronics and Communication Engineering (ECE)**

Date: 31st October 2020

Time: 11:00 AM - 12:30 PM

Resource Person: Er. G. Mohanan

Deputy Chief Engineer, Supply Chain Management, KSEB, Kerala

Overview:

The webinar aimed to provide insights into the electrical power generation scenario in Kerala, covering various aspects such as hydel stations, power transmission network, EHV substations, load dispatching center, the national power grid system, and career opportunities in the power sector of Kerala. The session was highly interactive and beneficial for both students and faculty members.

Key Topics Covered:

1. Hydel Stations: The presentation started with an overview of hydel stations, highlighting their significance in Kerala's power generation. Various hydel projects in the state were discussed, shedding light on their contribution to the overall power supply.

2. Power Transmission Network and EHV Substations: Er. G. Mohanan elaborated on the intricate power transmission network in Kerala, emphasizing the role of Extra High Voltage (EHV) substations in ensuring efficient power distribution across the state.

SREE NARAYANA GURU COLLEGE OF ENGINEERING & TECHNOLOGY

WEBINAR ON "A PLATFORM FOR CAREER BUILDING: WHAT THEY WANT? WHAT WE CAN?"

Date: June 12, 2021

Venue: Virtual (Conducted via Online Platform)

Organizers: Sree Narayana Guru College of Engineering & Technology

Departments Involved: Department of Electronics and Communication Engineering (ECE) in association with the Department of Electrical and Electronics Engineering (EEE)

Resource Person: Dr. Surekha S Nair, Director-HR (India & Middle East), Eurofins India Pvt. Ltd.

Attendance: Approximately 100 participants

Introduction:
On June 12, 2021, Sree Narayana Guru College of Engineering & Technology organized a webinar titled "A Platform for Career Building: What They Want? What We Can?" The event aimed to provide insights into the contemporary requirements of the job market and how students can align themselves with these demands for a successful career trajectory. Dr. Surekha S Nair, Director-HR at Eurofins India Pvt. Ltd., graced the session as the esteemed resource person.

Session Overview:
The webinar commenced with an introduction by the organizing committee, highlighting the importance of understanding industry expectations in shaping one's career. Dr. Surekha S Nair then took the stage, delving into various aspects of career building and the dynamic nature of the professional landscape.

192

Key Highlights:

1. Industry Insights: Dr. Surekha provided valuable insights into the evolving demands of different industries, emphasizing the significance of staying updated with the latest trends and technologies.

2. Skills in Demand: The session shed light on the skills that are currently in high demand in the job market, including technical competencies, soft skills, and adaptability to change.

3. Career Strategies: Practical strategies and tips were shared on how students can enhance their employability quotient by acquiring relevant skills, networking, and showcasing their strengths effectively.

4. Interactive Q&A: The session was highly interactive, with participants actively engaging in discussions and seeking guidance on various career-related queries.

Key Takeaways:

- Understanding the pulse of the industry is crucial for career success.
- Continuous learning and upskilling are essential to stay competitive.
- Building a strong professional network can open doors to diverse opportunities.
- Effective communication and interpersonal skills are as important as technical expertise.

Conclusion:

The webinar on "A Platform for Career Building: What They Want? What We Can?" was a resounding success, thanks to the insightful session delivered by Dr. Surekha S Nair. The event provided students with a valuable platform to gain knowledge and guidance on navigating the complexities of the job market and charting a fulfilling career path. The collaboration between the Department of ECE and EEE in organizing this event underscores the college's commitment to holistic student development.

Acknowledgment:
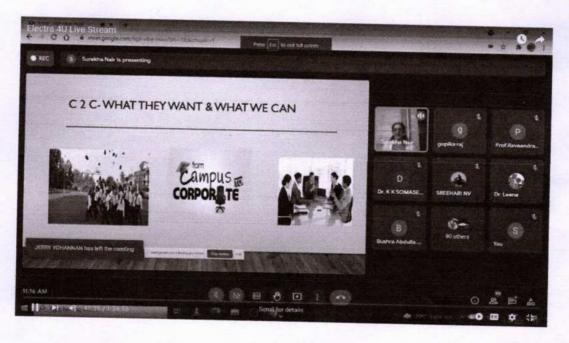

Sree Narayana Guru College of Engineering & Technology extends heartfelt gratitude to Dr. Surekha S Nair for sharing her expertise and invaluable insights with the participants. Special thanks to the organizing committee, faculty members, and all the participants for making the webinar a memorable and enriching experience.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

REPORT ON WEBINAR – BASICS OF SEARCH ENGINE OPTIMIZATION

Techkranti 5.0, organized by the Department of Computer Science and Engineering, SNGCET, hosted a webinar session focused on the fundamentals of Search Engine Optimization (SEO) on 22/11/2022. The event aimed to provide participants with valuable insights into the core principles and strategies of SEO in the digital marketing landscape. The session aimed to educate participants about the core concepts and strategies essential for optimizing websites and improving their visibility on search engines.

Key Speakers:

Mr. SUBIN YOUSUF, CEO, DIGIMARK, DIGITAL ACADEMY.

The webinar commenced with an overview of SEO, explaining its significance in the digital marketing landscape. The speaker delved into on-page SEO techniques, including keyword research, content optimization, meta tags, and internal linking. Participants gained insights into optimizing website elements to enhance user experience and search engine rankings. The session progressed to off-page SEO strategies, covering backlink building, social media integration, and local SEO tactics. Attendees learned about leveraging external factors to improve domain authority and organic traffic. The speaker also highlighted essential SEO tools and resources, equipping participants with practical knowledge and tools for effective SEO implementation. The webinar concluded with an interactive Q&A session, where participants engaged with the speaker, clarifying doubts and seeking expert advice on various SEO aspects. Feedback from participants indicated high satisfaction with the webinar content and speaker expertise. Many expressed appreciations for the practical insights provided, finding the session valuable for enhancing their SEO knowledge and skills.
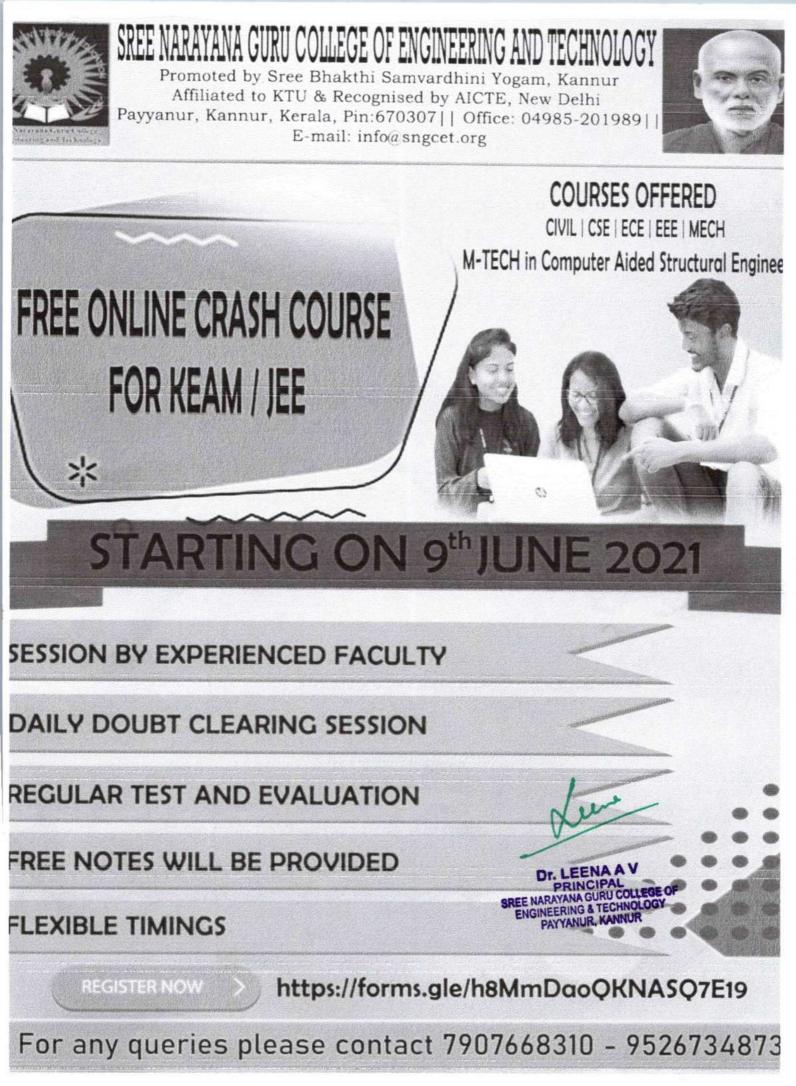

The Basics of Search Engine Optimization webinar organized by Techkranti 5.0 proved to be an informative and engaging event, offering participants a comprehensive understanding of SEO fundamentals and strategies. The session's success underscores the importance of continuous learning and skill development in the digital marketing domain.

REPORT – FREE ONLINE CRASH COURSE FOR KEAM/JEE EXAMS

DATE:9TH JUNE 2021 TO 9TH JULY 2021
PLATFORM: ONLINE

Sree Narayana Guru College of Engineering & Technology, Payyanur, conducted a one-month free online crash course to prepare students for the KEAM/JEE entrance exams. The course was held from June 9th to July 9th, 2021, under the guidance of Mr. Sunder V (HoD CSE) and Ms. Sharija P(AP,CSE).

The primary objective of the crash course was to assist students in preparing confidently for the KEAM/JEE entrance exams by providing focused guidance and resources. The crash course featured interactive sessions conducted by experienced faculty members, covering important topics and exam strategies relevant to KEAM/JEE exams.

Participants had access to daily doubt-clearing sessions to address queries and enhance conceptual understanding. Assessments were conducted regularly to assess student progress and readiness for the exams. Comprehensive study materials and resources were provided to all participants to support their exam preparation. The course schedule was designed to accommodate participants' schedules and ensure maximum participation.

It was a successful initiative aimed at empowering students to excel in their entrance exams. The course equipped participants with essential skills, strategies, and confidence necessary to perform well in the KEAM/JEE exams.

EVENT PROPOSAL FORM

DEPARTMENT:COMPUTER SCIENCE ENGINEERING

I. TO BE FILLED BY THE EVENT COORDINATOR(S)

1	**Event type**	IIC
2	**Event name**	"Inspired by the stars: celebrating chandrayaan chronicles"
3	**Whether the event is inter departmental? If yes, mention the other department(s) associated with**	YES, COMPUTER SCIENCE AND ENGINEERING. u'n association with IIC, IEDC.
4	**Mode of conduct [online / offline]**	Offline
5	**Date and time**	13-09-2023,14-09-2023 09:00am – 01:00pm
6	**Venue**	Inauguration and Valedictory function - meeting hall
7	**Whether any professional body is associated with the event? If yes, name the body**	No
8	**Participants / Target Audience**	S1 students
9	**Whether the event is conducted for bridging the gap in syllabus? If Yes, name the course with code and the semester and year it the subject is handled**	Yes
10	**Objectives of the event**	1. **Educational Insight:** Provide B. Tech students with a unique educational opportunity to gain in-depth knowledge about the Chandraayan-3 mission, its scientific significance, and its contribution to space exploration. 2. **Interaction with Experts:** Facilitate interaction and knowledge exchange between students and the eminent scientist who worked on the Chandrayaan-3 mission,

		offering them insights into real-world space research and career prospects in the field.
		3. **Skill Enhancement:** Enhance students' skills and creativity by encouraging participation in a variety of events like speeches, quizzes, drawing, poster making, collage creation, article writing, PPT presentations, video content creation, and photography, aligning with their curriculum.
		4. **Holistic Learning:** Encourage interdisciplinary learning by allowing students to engage in different types of activities that cater to their diverse interests and talents, aligning with the holistic nature of the B. Tech curriculum.
		5. **Problem-Solving Abilities:** Promote critical thinking and problem-solving abilities among students by challenging them with questions related to the Chandrayaan-3 mission in quizzes, articles, and presentations.
		6. **Communication Skills:** Improve students' communication skills by encouraging them to express their ideas and knowledge through speeches, articles, and presentations, preparing them for future career opportunities where effective communication is essential.
		7. **Creative Expression:** Foster creativity and artistic expression through drawing, collage, and poster-making events, enabling students to communicate complex ideas visually.
		8. **Technical Proficiency:** Enhance technical proficiency by encouraging students to create PPT presentations, videos, and photography related to the Chandrayaan 3 mission, aligning with their B. Tech curriculum.
		9. **Teamwork and Collaboration:** Promote teamwork and collaboration through group activities like collages, group presentations, and video content creation, helping students develop essential interpersonal skills.
11	**Expected Outcomes**	– Magic System development, Information about the Launching of chandrayan, working of chandrayan 3
12	**Connected PO / PSO**	PO1 PO2 PO3 PO12
13	**Justification for PO / PSO [may use separate sheet if necessary]**	Engineering knowledge, Problem Analysis, Design / Development Of Solution, Life Long Learning

222

14	**Name of the resource person(s)**	Nil Dr. Raji Sukumar. A, Ms. Bindhya. M.C (Associate Professor) (HOD, A & S).
15	**Designation of the resource person (may attach separate sheet to indicate the profile)**	Dr. Raji sukumar (Associate Professor CSE). Ms Bindhya. M.C (HOD H & s).
16	**Resource requirements**	1. **Expert Resource Person:** • Eminent Scientist with expertise in the Chandrayaan-3 mission. • Availability for the duration of the program. • Proficiency in delivering presentations and engaging with participants. 2. **Presentation Materials:** • Laptop or computer with necessary software for PowerPoint presentations. • Projector and screen for displaying PPT slides. • Adequate power supply and backup for uninterrupted presentations. 3. **Audio-Visual Equipment:** • Sound system (microphone, speakers) for clear and audible presentations. • Video playback equipment for showing videos. 4. **Multimedia Support:** • Access to a reliable internet connection for live streaming or accessing online resources. • Adequate bandwidth for video streaming and webinars. 5. **Technical Support:** • IT support personnel for setting up and troubleshooting technical equipment. • Backup equipment in case of technical failures. 6. **Documentation:** • Cameras and recording equipment for documenting the program. • Photographers and videographers if necessary. 7. **Transportation and Accommodation:** • If required, arrangements for the resource person's transportation and accommodation. 8. **Registration and Feedback System:** • Registration desk and materials for participants. • Feedback forms and data collection tools for evaluation. 9. **Budget Allocation:**

PAGE 3 OF 2

		• Allocation of funds for resource person's honorarium, travel expenses, and any other related costs. **10. Cleaning and Maintenance:** • Cleaning services for the venue before and after the event. • Maintenance services for technical equipment. **11. COVID-19 and Nipah Precautions:** • Adherence to local health guidelines, including mask-wearing, social distancing, and sanitization.
17	**Any fund from external source will be received? If yes, mention it.**	No
18	**Whether budget for the event is attached? (use separate sheet to indicate the estimated budget)**	No
19	**Any other relevant information**	Nil
20	**Name of the event coordinator(s)**	Ms.Vijina Vijayan , Ms.Thulasibai A
21	**Dated signature of the coordinator(s)**	18/9/2023 18/09/23

II. TO BE FILLED BY THE DEPARTMENT HOD (any one of the HoD, in case if the event is jointly conducted by various department(s))

1	Comments on the relevance of the event	Reueleut ass its emerging
2	Recommendation [Put a tick on whichever is applicable]	Recommended **Not Recommended**

REPORT ON "INSPIRED BY THE STARS :CELEBRATING CHANDRAYAAN-3 CHRONICLE"

"Inspired By The Stars :Celebrating Chandrayaan-3" Chronicle was organised by the department of computer science engineering association with the IIC cell, SNGCET, on 13th and 14th September 2023 in Inauguration and Valedictory function - meeting hall From 09:00am – 01:00pm This was conducted by **Dr. Raji Sukumar A, Associate professor CS department and Ms.Bindhya.M.C ,HOD H & S** . The session was presided over by the Principal, Dr. Leena A V, Sri Rajendran T. K, Vice-President, Sree Bhakthi Samvardhini Yogam , Talap Dean UG and PG studies, Dr. Susan Abraham, Nodal officer of IEDC, Dr. Raji Sukumar A, Ms Vijina Vijayan Mr.Sunder.V,Hod C.S

The session was very informative and valuable which helped the students to get a clear idea About launching of Chandrayaan –III.. The intersection of computer programming and space exploration has given rise to a new era of precision and innovation. This report delves into the critical role of computer programming in moon missions, with a focus on Chandrayaan-3. Proficiency in coding has become the digital backbone of lunar exploration, impacting navigation, communication, data analysis, and decision-making. This report explores the significance of coding in lunar missions, highlighting technological advancements, challenges, and future prospects.The resource person created a friendly environment and made the session engaging , interesting and participative through interactions and a lot of educative videos like advertisements case studies etc.

The event was co-ordinated by ~~Thulas Bai,n p~~ C.S. The session was attended by the S1 students of all the braches. The Guest of honour was presented with a memento by the Principal as a token of appreciation. The seminar concluded at 1.00 pm.

POST EVENT ANALYSIS FORM

DEPARTMENT:COMPUTER SCIENCE ENGINEERING

I. TO BE FILLED BY THE EVENT COORDINATOR(S)

1	Event type conducted	IIC
2	Event name	"Inspired by the stars: celebrating chandrayaan chronicles"
3	Date and time of the event conducted	13-09-2023,14-09-2023 09:00am – 01:00pm
4	Venue	Inauguration and Valedictory function - meeting hall
5	Whether the event was interdepartmental? If yes, mention the department(s) associated with	Yes. Computer Science *in association with* IIC, IEDC.
6	Mode of conduct [online \ offline]	Offline
7	Is there any deviation from the proposal in the date, time and venue of the event? If yes, mention the reason for change	No
8	Whether any professional body was associated with the event? If yes, name the body	No
9	Any funds received from the professional body? Indicate the amount	No
10	Participants / Target Audience	S1 students
11	Whether the event is conducted for bridging the gap in syllabus? If Yes, name the course with code and the semester and year it the subject is handled	Yes
12	Objectives of the event	• **Educational Insight:** Provide B. Tech students with a unique educational opportunity to gain in-depth knowledge about the Chandraayan-3 mission, its scientific significance, and its contribution to space exploration.

PAGE 1 OF 2

233

- **Interaction with Experts:** Facilitate interaction and knowledge exchange between students and the eminent scientist who worked on the Chandrayaan-3 mission, offering them insights into real-world space research and career prospects in the field.
- **Skill Enhancement:** Enhance students' skills and creativity by encouraging participation in a variety of events like speeches, quizzes, drawing, poster making, collage creation, article writing, PPT presentations, video content creation, and photography, aligning with their curriculum.
- **Holistic Learning:** Encourage interdisciplinary learning by allowing students to engage in different types of activities that cater to their diverse interests and talents, aligning with the holistic nature of the B. Tech curriculum.
- **Problem-Solving Abilities:** Promote critical thinking and problem-solving abilities among students by challenging them with questions related to the Chandrayaan-3 mission in quizzes, articles, and presentations.
- **Communication Skills:** Improve students' communication skills by encouraging them to express their ideas and knowledge through speeches, articles, and presentations, preparing them for future career opportunities where effective communication is essential.
- **Creative Expression:** Foster creativity and artistic expression through drawing, collage, and poster-making events, enabling students to communicate complex ideas visually.
- **Technical Proficiency:** Enhance technical proficiency by encouraging students to create PPT presentations, videos, and photography related to the Chandrayaan 3 mission, aligning with their B. Tech curriculum.
- **Teamwork and Collaboration:** Promote teamwork and collaboration through group activities like collages, group presentations, and video content creation, helping students develop essential interpersonal skills.

13	**Expected Outcomes**	Magic system development, Information about the launching of chandrayan, Working of chandrayan 3
15	**Connected PO / PSO**	PO1 PO2 PO3 PO12
16	**Justification for PO / PSO [may use separate sheet if necessary]**	Engineering knowledge, Problem Analysis, Design / Development Of Solution, Life Long Learning
17	**Whether feedback forms from audience and resource person is collected?**	Yes
		Yes

HANDS ON TRAINING ON PC COMPONENTS

KNOW YOUR PC

SYLLUBUS

SL NO	TOPIC
1	**Introduction to Computer Hardware** • Overview of computer components: CPU, motherboard, RAM, storage devices (HDD, SSD), power supply, peripherals (keyboard, mouse, monitor, etc.) • Understanding the purpose and function of each component • Hands-on activity: Identifying components of a desktop computer
2	**Operating Systems and Software** • Introduction to different operating systems: Windows, macOS, Linux • Understanding the role of an operating system and its basic functions • Overview of software types: system software vs. application software • Hands-on activity: Navigating through different operating systems (if possible), installing/uninstalling software
3	**Basic Maintenance and Troubleshooting** • Importance of regular maintenance: software updates, disk clean up, defragmentation • Common PC issues and troubleshooting techniques: slow performance, software crashes, hardware malfunctions • Introduction to antivirus software and best practices for online security • Hands-on activity: Performing basic maintenance tasks on a computer, identifying and resolving common issues
4	**Hardware Upgrades and Customization** • Understanding compatibility: CPU sockets, RAM types, expansion slots • Overview of common hardware upgrades: RAM, storage, graphics card
5	**Hands on training for system assembling and OS installation** • Assessment and feedback session

EVENT PROPOSAL FORM

Submitted by the department of Computer Science andEngineering

TO BE FILLED BY THE EVENT COORDINATOR(S)

1	Event type	WORKSHOP
2	Event name	KNOW YOUR PC
3	Whether the event is inter departmental? If yes, mention the other department(s) associated with	NO
4	Mode of conduct [online / offline]	Offline
5	Date and time	27/02/2024 to 02/03/2024 9:00 AM -4:00 PM
6	Venue	SW... 5 day workshop f ...DHA HALL &NETWORKING LAB
7	Whether any professional body is associated with the event? If yes, name the body	YES, TECHKRITI-CSE ASSOCIATION
8	Participants / Target Audience	S2 CSE STUDENTS
9	Whether the event is conducted for bridging the gap in syllabus? If Yes, name the course with code and the semester and year it the subject is handled	Yes, EST 102 PROGRAMMING IN C SEMESTER 2
10	Objectives of the event	• Upon completion of the workshop, students will demonstrate competency in identifying and understanding various hardware components of a PC, including but not limited to CPU, GPU, RAM, motherboard, storage devices, and peripherals, and will be able to assemble a functional PC system independently, adhering to safety and compatibility standards. • By the end of the workshop, students will be able to proficiently install an operating system on a computer system, demonstrating an understanding of the installation

PAGE 1 OF 2

240

		process, including partitioning, formatting, and driver installation, with minimal guidance..
11	**Expected Outcomes**	Students able to understand the hardware components and its assembling.
12	**Connected PO / PSO**	PO1-ENGINEERING KNOWLEDGE PO-6-ENGINEER AND SOCITY P12-LIFELONG LEARNING
13	**Justification for PO / PSO [may use separate sheet if necessary]**	**PO1 - Engineering Knowledge**: Justification: The workshop provides students with practical hands-on experience in understanding hardware components such as CPU, GPU, RAM, motherboard, storage devices, and peripherals. This knowledge is fundamental to engineering as it lays the groundwork for understanding computer architecture and system design principles. By gaining insight into how these components interact and function within a PC, students develop a strong foundation in engineering knowledge related to computer hardware. **PO6 - Engineer and Society**: In today's digital age, the ability to understand and work with computer hardware is essential not only for engineering professionals but also for society at large. This workshop equips students with the skills to troubleshoot, upgrade, and assemble computer systems, which are invaluable in various societal contexts. Additionally, by fostering an understanding of hardware components, the workshop promotes responsible use of technology and encourages students to consider the societal implications of their engineering decisions, such as environmental impact and accessibility. **P12 - Lifelong Learning**: The workshop on hardware familiarization and PC assembly promotes lifelong learning by instilling a curiosity-driven approach to technology. By engaging with hands-on activities and problem-solving challenges, students develop a mindset of continuous improvement and exploration. Additionally, the workshop encourages students to seek out new knowledge and skills independently, whether through further experimentation with computer hardware or through ongoing professional development in the field of engineering. Ultimately, the workshop fosters a culture of lifelong learning that empowers students to adapt to technological advancements and evolving engineering practices throughout their careers.
14	**Name of the resource person(s)**	Mr. Nishanth KP, Ms, Anusha M, Ms. Anamika Sureshbabu,,Mr. Rohith M
15	**Designation of the resource person (may attach separate sheet to indicate the profile)**	Technical lab staff
16	**Resource requirements**	System, Projector, Mike,. Hardware components

17	Any fund from external source will be received? If yes, mention it.	No
18	Whether budget for the event is attached? (use separate sheet to indicate the estimated budget)	No
19	Any other relevant information	No
20	Name of the event coordinator(s)	Mrs.Thulasibai A, Ms. Nimisha MK, Mrs. Kripa PV
21	Dated signature of the coordinator(s)	Nimish 25/2/24

I. TO BE FILLED BY THE DEPARTMENT HOD(any one of the HoD, in case if the event is jointly conducted by various department(s))

1	Comments on the relevance of the event	Essential for Engineers
2	Recommendation [Put a tick √ on whichever is applicable]	Recommended ✓ Not Recommended

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

WORKSHOP REPORT: - A FIVE DAY WORKSHOP ON FAMILIARIZATION OF HARWARE COMPONENTS – KNOW YOUR PC

DATE: - 27/2/2024 to 02/03/2024

VENUE: - SWAMI BODHANANDHA HALL & NETWORKING LAB

ORGANIZED BY: - TECHKRITI, CSE ASSOCIATION

The five-day workshop on familiarization of hardware components – KNOW YOUR PC was organized with the aim of providing participants with comprehensive knowledge and hands-on experience familiarization on hardware components. The workshop covered a range of topics including hardware components, OS fundamentals and assembling

Day 1: Familiarization of hardware components: - The first day focused on introducing participants on the basics of hardware components of a computer. Students engaged in interactive discussions and activities to reinforce their understanding.

Day 2: Hands on session on hardware components: - On Second day, the students got a hands on session to familiarize the hardware components and students were familiarized with components.

Day 3: - Lecture session on assembling: - The third day, a lecture session was given to the students to get to know about the steps and procedure required for assembling the hardware components.

Day 4: - Hands on session on assembling: - Fourth day was dedicated to the students for practical demonstrations and hands on exercise to ensure them how assembling is done.

Day 5: - Feedback and Response: - Last day of the workshop is provided for an interactive session to get the feedback and responses from both students and resource persons. And an online test was conducted to get the analysis of the workshop.
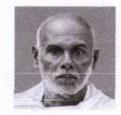

The five-day workshop on familiarization of hardware components provides students with a comprehensive understanding and to get familiarize with hardware components. By combining theoretical concepts with practical hands-on experience, students gained valuable skills that are essential in the IT industry. The workshop received positive feedback from students who expressed satisfaction with the content, delivery, and interactive nature of the sessions.

Hardware & Software

Hardware

All of the electronic and mechanical equipment in a computer is called the hardware. Examples include:

- **Motherboard**
- **Hard disk**
- **RAM**
- **Power supply**
- **Processor**
- **Case**
- **Monitor**
- **Keyboard**
- **Mouse**

Software

The term software is used to describe computer programs that perform a task or tasks on a computer system. Software can be grouped as follows:

- System software - Operating System etc.
- Utility programs - Antivirus etc.
- Applications Software - Word, SolidWorks etc.

PC Components

Computer system - collection of electronic and mechanical devices operating as a unit. The main parts are:

1. System unit
2. Monitor
3. Keyboard
4. Mouse
5. Speakers

System Unit

The **system unit** is the main container for system devices. It protects the delicate electronic and mechanical devices from damage. Typical system unit devices include:

- Motherboard
- CPU (Processor)
- Memory
- Disk drives
- Ports - USB etc.
- Power supply
- Expansion cards - sound card, network card, graphics card etc.

Peripherals

Peripherals are devices that connect to the system unit using cables or wireless technologies. Typical peripherals include:

- Monitor
- Keyboard
- Printer
- Plotter
- Scanner
- Speakers

System Devices

Processor

An **integrated circuit** (IC) supplied on a single silicon chip. It's function is to control all the computers functions. The main processor manufacturers are:

- **AMD** - Athlon and Turion (mobile)
- **Intel** - Pentium and Centrino (mobile)

System Devices

Processor

An **integrated circuit** (IC) supplied on a single silicon chip. It's function is to control all the computers functions. The main processor manufacturers are:

- **AMD** - Athlon and Turion (mobile)
- **Intel** - Pentium and Centrino (mobile)

Computer program - a series of instructions. When a program is run, the processor carries out these instructions in an orderly fashion. Typical instructions include:

- **Arithmetic** - addition, subtraction etc
- **Logical** - comparing data and acting according to the result
- **Move** - move data from place to place within the computer system - memory to the processor for addition - memory to a printer or disk drive etc.

Processor speed - measured in megahertz (**MHz**) or Gigahertz (**GHz**) - the speed of the system clock (**clock speed**) within the processor and it controls how fast instructions are executed:

- 1 MHz - 1 **million** clock ticks every second
- 1 GHz - 1 **billion** clock ticks every second

Latest trend - **multi-core** processors can have two, three or four processor cores on a single chip.

Random Access Memory (RAM)

- **Primary storage** - main computer memory. Data, programs currently in use are held in RAM
- **Volatile** - contents of memory are lost if the computer is turned off
- **Module** - memory IC's on a circuit board

Memory is sold in modules:

- **DIMM's** (dual inline memory module) for desktop computers

- **SODIMM's** (small outline dual inline memory module) for notebook computers.
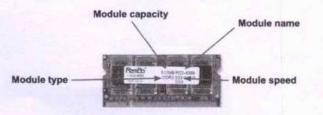

DIMM's and SODIMM's are available in modules of 256MB, 512MB, 1GB, 2GB

The current technology is called **DDR** (double data ram) and there are three types: DDR1, DDR2, DDR3

Any particular computer system is only compatible with one type.

Motherboard

Mainboard or **system board** - the main circuit board for the computer system. All device in the computer system will either be part of the motherboard or connected to it.

255

System Devices

Processor socket - different processors require different sockets and a motherboard must be chosen to suit the processor intended for use:

- **Socket 478** - Intel Pentium IV
- **Socket 775** - Intel Dual Core and Core Duo
- **Socket 754** - AMD Athlon
- **Socket 939** - AMD Athlon 64
- **Socket AM2** - AMD Athlon X2

System Devices
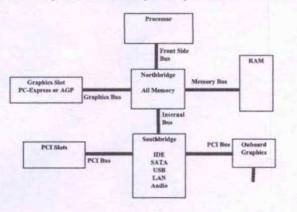

Chipset - controls data flow around the computer. It consists of two chips:

- **Northbridge** - data flow between memory and processor - data flow between the processor and the graphic's card
- **Southbridge** - controls data flow to the devices - USB, IDE, SATA, LAN and Audio - controls PCI slots and onboard graphics

System Devices

Buses - a path through which data can be sent to the different parts of the computer system. Main buses:

System Devices

Power Supply

A computer power supply has a number of functions:

- Converts **Alternating current** (AC) **Direct current** (DC)
- Transforms mains voltage (240 Volts) to the voltages required by the computer. The main voltages are:
  - **12 volts** for the disk drives as they have motors
  - **3.3** and **5 volts** for the circuit boards in the computer

System Devices

- Uses advances power management (**APM**) to allow the computer go into a standby mode
- Some have a switch to toggle between 240 volt supplies and 110 volt supplies.

- The main connections are:

1	Main connector	Connects to the motherboard and supplies the 3.3 and 5 volt supply for the board.
2	Molex connector	Connects IDE hard drives and optical drives.
3	Berg connector	Connects floppy disk drives
4	SATA connector	Connects SATA drives

System Devices

Ports

Computer ports are interfaces between peripheral devices and the computer. They are mainly found at the back of the computer but are often also built into the front of the computer chassis for easy access.

Ports at the rear of the computer

Ports at the front of the computer

System Devices

- **Serial port** - a 9-pin port. Often called Com ports - Com1, Com2 etc. Mice and external modems were connected to these ports. They are **turquoise** in colour.

- **Parallel port** - a 25-pin port used to connect printers, scanners, external hard disks, zip drives etc. to the computer. **Burgundy** in colour, they are often called LPT ports - LPT1, LPT2 etc.
System Devices

- **Video port** - used to connect a monitor to the computer system. There are two types:

  - **VGA port** - This is a 15-pin port and is **blue** in colour. It is an analogue port and is being replaced by the DVI port.

  - **DVI port** - **white** in colour, it is a digital port. This means that no conversion is necessary between the computer and the monitor and that means that images can be produced more quickly on the monitor
System Devices

- **PS/2 port** - used to connect keyboards and mice to the computer. The keyboard port is **purple** and the mouse port is **green**

- **Modem port** - used to connect a modem to a telephone line. **RJ11** is the technical term for the port.

System Devices

- **USB port** - intended to replace Serial, Parallel and PS/2 ports with a single standard. 127 devices can be connected to a single USB port. **Hot swappable** - devices can be connected and disconnected while the computer is on

There are different USB standards in use:

- **USB 1** - original standard - transfer data of **1.5MBps**.
- **USB 2** - current standard - transfer rate of **60MBps**.
- **USB3** - future standard (2009) transfer rate of **600MBps**.

System Devices

- **FireWire port** - (IEEE 1394) is an Apple technology There are two versions available and a third is planned:

- **FW 400** - transfer rate of **50MBps**.
- **FW 800** - transfer rate of **100MBps**.
- **FW S3200** - transfer rate of **400MBps**.

- USB devices must be connected to a host computer while FireWire devices can be connected to each other without using a computer.

System Devices

- **Ethernet port** - used to connect to a network. Known as **RJ45**, it is larger than a modem port.

- **Audio ports** - used to input and output audio from the computer. Three mini jack ports but there may be more:

  - **Light blue** - Line in - connect external devices
  - **Lime** - Connect the speakers to this port.
  - **Pink** - Connect a microphone to this port.

Graphics card

1	Processor and fan	Graphics card handles it's own processing making it almost independent of the processor.
2	Board connector	AGP or PCI-Express
3	Memory	Graphics card has it's own memory. This makes it much faster. Most new cards use DDR3 memory.
4	DVI connector	Digital output is supplied through this port.
5	VGA connector	Analogue output is provided through this port.

Graphic card - screen images are made up of dots called **pixels** (picture elements). The graphics card must process each of these pixels to create the image.

The resolution of a screen is the number of pixels being displayed. Typical resolutions include:

- **800 x 600** - 480,000 pixels
- **1024 x 768** - 786,432 pixels
- **1280 x 1024:** - 1,310,720 pixels
- **1600 x 1200:** - 1,920,000 pixels

There are two types of graphic card available:

- **AGP** (accelerated graphics port) - the older technology but still available. It can output in analogue or digital or both.

- **PCI-Express** - the newer technology - faster than AGP. Allows for two graphics cards to improve the performance - called **Scalable Link Interface** (SLI). PCI-Express can also output in analogue or digital or both.

- These cards are mutually exclusive and the choice is made according to the graphics slot on the motherboard.

Sound card

1	PCI connector	Connects the sound card to a PCI slot
2	MIDI socket	Musical Instrument Digital Interface port is used to connect digital musical instruments to the computer.
3	Audio jacks	These are used to connect microphones, speakers, stereo systems etc to the computer.

5 day workshop ffp

The main functions of a sound card are:

- To use a **DAC** (digital to analogue converter) to prepare audio for speakers etc.

- To use an **ADC** (analogue to digital converter) to convert the audio coming into the computer.

A sound card can be connected to the following:

- Analogue input devices - Microphone, Radio, Tape deck, Record player etc
- Headphones and speakers
- Output to tape etc.

Network card

- allows computers join a network. Can be wired or wireless. The standard used is called **Ethernet** - covers wired and wireless networks.

The wired standards include:

- **Fast Ethernet** - transmission speed of **100Mbps**.
- **Gigabyte Ethernet** - transmission speed of **1000Mbps**.

PC card   USB

System Devices

The wireless standards include:

- **The B standard** - introduced in 1999, it has a transmission rate of **11Mbps** and a range of **30 Metres**.
- **The G standard** - introduced in 2003, it has a transmission rate of **54Mbps** and a range of **30 Metres**.
- **The N standard** - introduced in 2006, it has a transmission speed of **540Mbps** and a range of **50 metres**.

PCI PC Card   USB

System Devices

Modem

- Internet access using a telephone line.
- Converts the digital computer data to analogue (**Mo**dulation) before transmission over the telephone line and converts the analogue data to digital (**DEM**odulation) before transmission to the computer. The device gets it's name from these two terms.

- The standard transmission speed of a modem is **56Kbps**.

PCI   USB

System Devices

Hard Disk

- **Primary storage** (memory) - volatile - contents lost when power is turned off.

- **Secondary storage** (disk drives) - non-volatile - can store files when power is turned off.

- In memory, voltages are used to store data as binary 1's and binary 0's. It was decided to mimic the situation for secondary storage using **magnetism** instead of electrical voltages to represent the binary data.

System Devices

- A metal disk (**platter**) is coated with tiny iron particles which can be magnetised to **north** and **south** to represent the binary digits 0 and 1.

- A **read-write head** is used to magnetise the particles on the disk surface to represent the data held in RAM. The computer can now be switched off and a copy of the data is safe for later use.

Metal disk (platter) covered with iron particles.

Read-write head

System Devices

Hard disks can be **internal** or **external**. The internal standards are:
- **IDE** (Integrated Drive Electronics). The disks connect to the motherboard using a ribbon cable. Each cable can hold two drives - **master** and **slave**. The drive is set as master or slave by positioning a **jumper** switch on the back of the drive. There are two IDE connectors and a total of four drives can be connected.

Master Slave M/board   Jumper

System Devices

- **SATA** (Serial Advanced Technology Attachment) allow faster data transfer speeds than IDE. There is no master/slave arrangement with SATA and each drive has it's own cable. The cables are much smaller and allow better air circulation in the system unit.

SATA Cable

Motherboard connectors

IDE   SATA

System Devices

External hard disk drives can be IDE or SATA and can be **mains powered** or **host powered**. Host powered drives receive their power from the USB port.

Hard disk drives are also now found in video recorders, digital music players, digital camcorders, digital cameras and mobile phones.

System Devices

Optical drives
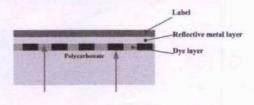

- Optical drives use lasers to sense **pits** and **lands** mechanically pressed into a polycarbonate disk. These pits and lands represent the binary 0's and 1's and so can store computer data.

- A thin layer of metal reflect the laser light. As the disk rotates, the laser senses the pits and lands and reads the data from the disk. The laser only operates at a **single intensity** as it only scans the surface of the disk to detect the pits and lands.

System Devices

CD-R (blank CD's) use a dye layer to mimic the lands and pits created mechanically on commercial disks.

- The laser used has **two intensities**.
- At the **high setting**, it burns spots on the dye layer changing it from transparent to opaque. This allows data to be written as spots of transparency and opacity.
- At the low setting, it reads these differences

System Devices

The CD-RW (re-writable) disk is similar but the laser has **three intensities**. The third and highest is needed to turn the burned areas of the dye layer back to their original condition. The dye layer can now be re-burned to hold new data.

The three laser intensities are:

- **Intensity 1** - Read data
- **Intensity 2** - Burn data
- **Intensity 3** - Erase data

The CD-R disk has a capacity of 650MB to 800MB.

System Devices

DVD's hold a lot more data than CD's. They can have several layers, each holding **4.7GB** of data.

The possibilities are:

Number of sides	1	1	2	2
Number of layers	1	2	1	2
Disk capacity	4.7GB	8.5GB	9.4GB	17GB

Dual layer disks have two reflective layers, one which can be penetrated at a certain intensity

System Devices

DVD Formats
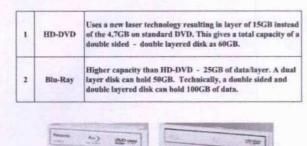

1	DVD-ROM	Read only. Mechanically stamped and manufactured as single or double layer and as single sided or double sided.
2	DVD-R	Single or dual layer disks and can be single or double sided. They can be written to only once.
3	DVD-RW	Same as DVD-R but can be written to several times.
4	DVD+R	These are single or dual layer disks and can be single or double sided. They can be written to only once.
5	DVD+RW	These are the same as DVD+R only that they can be written to several times.

DVD-R and DVD+R are incompatible with each other. Manufacturers have produced **DVD±R** drives capable of reading and writing to both standards.

System Devices

A number of new high capacity formats have come onto the market.

These are:

1	HD-DVD	Uses a new laser technology resulting in layer of 15GB instead of the 4.7GB on standard DVD. This gives a total capacity of a double sided - double layered disk as 60GB.
2	Blu-Ray	Higher capacity than HD-DVD - 25GB of data/layer. A dual layer disk can hold 50GB. Technically, a double sided and double layered disk can hold 100GB of data.

Blu-Ray   HD-DVD

System Devices

Card readers

Replaces floppy drives in new computers. They can read media cards from most digital cameras:

- **Microdrive**:
- **Smartmedia**:
- **SD memory card**:
- **Memory stick/Duo/Pro**:
- **xD picture card**:

Card reader drive

System Devices

Monitors

A computer monitor displays images generated by the graphics card.

Monitors are almost exclusively **LCD** (Liquid Crystal Display). **CRT** (Cathode Ray Tube) monitors are rare and are now as expensive as LCD monitors.

19 inch Widescreen LCD
System Devices

The **aspect ratio** of a computer monitor is the ratio between the width and height of the screen. The aspect ratios are:

- **Standard monitor** -   4:3
- **Widescreen monitor** -   16:9

Most LCD monitors offer a **VGA** and a **DVI** connection. The VGA connector is used for analogue signals and the DVI connector is used for digital. As the computer is a digital machine, it is best if no conversion is required and so the best option is the DVI connection.

DVI   VGA

System Devices

Resolution

Standard monitor

- **XGA** (Extended Graphics Array) - **1024 x 768**
- **SXGA** (Super Extended Graphics Array) - **1280 x 1024**
- **UXGA** (Ultra Extended Graphics Array) - **1600 x 1200**
- **QXGA** (Quad Extended Graphics Array) - **2048 x 1536**

Widescreen

- **WXGA** (Wide XGA) - **1280 x 800**
- **WSXGA** (Wide SXGA) - **1680 x 1050**
- **WUXGA** (Wide UXGA) - **1920 x 1200**

LCD monitors - **native resolution** at which the image is crisp. Other resolutions are possible but the image quality decreases.

System Devices

Keyboard

Primary input device - divided into sections:

- **Typing keys** - contains the letter and number keys, shift keys, spacebar, return key etc.

- **Numeric keypad** - These keys are arranged as on a calculator.

- **Function keys** - programmable keys used by software for special functions. E.g. - F1 - Help.

- **Control keys** - screen and cursor control.

System Devices

- Most common arrangement is called **QWERTY** after the first six keys.
- Other arrangements are available including **Dvorak**, **ABCDEF**, **AZERTY** etc.

QWERTY

Dvorak

System Devices

Keyboards are available wired or wireless:

- **Wired** - These are either **PS/2** or **USB**.
- **Wireless** - The keyboard uses batteries.

Wireless keyboard

Rubber keyboard - useful for use with notebook computers. Leaves users less prone to **RSI** (Repetitive Strain Injury)

System Devices

Mouse

Input device - uses point and click technology

There are two main types:

- **Ball mouse** - uses a ball to roll across the surface and move rollers attached to sensors inside the mouse - reflecting the ball movement as cursor movement.

- **Optical mouse** - camera takes thousands of images per second and sends them for digital processing. The red LED lights up the surface for the camera.

Ball mouse

Optical mouse

System Devices

Printers

Output devices - produce a **hardcopy** (permanent and readable) of computer data. The can print onto paper, transparency, photographic paper, card etc.

There are two main technologies involved:

- **Inkjet (Bubble-jet)**
- **Laser**

Laser

System Devices

- **Inkjet** - uses an electric charge to vibrate a membrane. When the membrane flexes downwards, it ejects an ink droplet through the nozzle (**1**). When it flexes upwards, it draws more ink into the reservoir (**2**).

- **Bubblejet** - a heating element locally heats ink to form a bubble (**1**). As the bubble expands, it forces ink through the nozzle (**2**). When it bursts, it causes a vacuum which draws ink into the reservoir (**3**).

System Devices

Laser printers use **toner** (powdered ink) instead of liquid ink as in inkjet printers.

- Laser printers produce images using dots. The image is created using a **laser beam** and a **mirror -lens** arrangement on a **drum** coated with magnetically charged **toner** and then transferred from the drum to the paper. The paper is then fed through a heated **fuser** which fuses the toner to the paper as ink.

Laser

Toner

Fuser

Mirror and lens

Drum

System Devices

Printers are available as **A4**, **A3** and even **A2**, but if larger drawings and images are required, a plotter is more suitable.

Plotters use inkjet technology and are available in **A3**, **A2**, **A1** and **A0**. They take up much less space than an equivalent inkjet or laser, bur are more expensive.

Plotter

Computer Specification
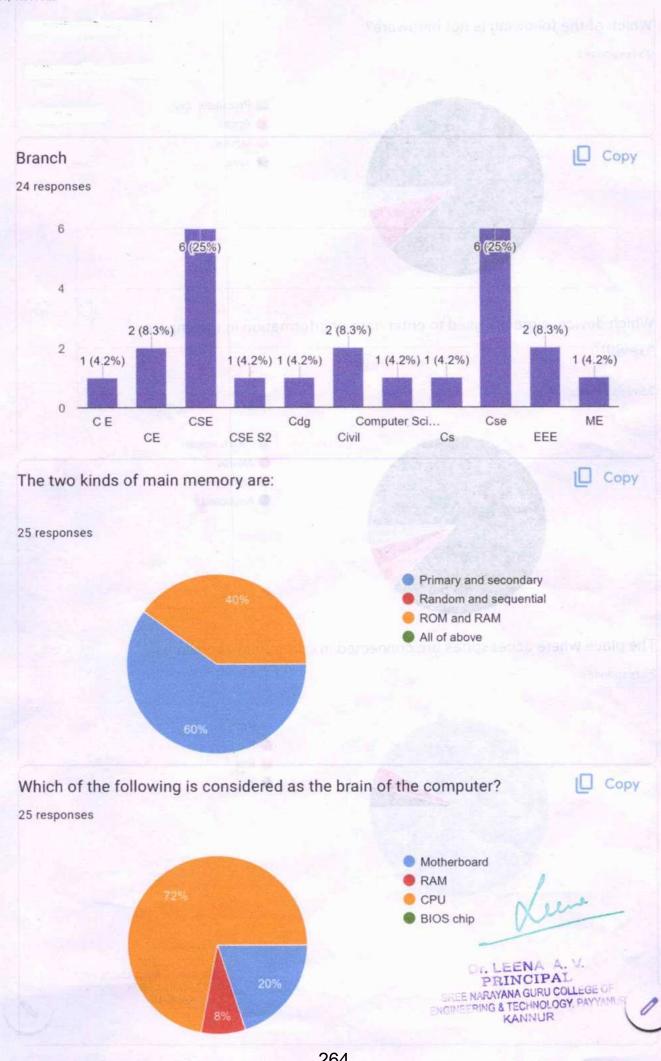

- Intel Core Duo Processor - 2.66MHz 64-Bit CPU, 128 KB L1 cache, 4MB L2 Cache, 1333MHz FSB
- Windows Vista Business
- 4GB DDR2 Memory - 667MHz
- 500GB SATA HDD 10,000rpm
- 256MB DDR2 NVIDIA PCI-Express Graphics
- 19" Widescreen LCD - 0.22mm Dot Pitch, Res -1490 x 900
- 7:1 Surround Sound Inc. Woofer
- PCI-E Mainboard - nForce SLI, Micro ATX
- 6 x USB2 Ports - 2 Front
- 2 x 1394 Ports - 1 Front
- Broadcom GB LAN Network Connection
- Multi Card Reader
- 18X SATA Dual Format Dual Layer DVDRW Drive
- 550W Power Supply
- Logitech Wireless Internet Keyboard and Wireless Optical Mouse

System software consists of inbuilt softwares and application software consists of external download packages

System software contains inbuilt software and application software contains external

System software -without system software computer can't run .but without application software system can run

System software coordinate operations within a computer. Application software is an outward source which helps to coordinate computer.

System software- bios. Application software - java. system software enables the cpu to connect all the hardware devices to the computer.

Software is the build for the whole computer but application software is only build for specific application

It

System software is a the main component that is used to run a computer .application software is not an important one it is used while we need any other application to edit or something eh: excel etc

System software refers to program desiged to manage and control the hardware and provide a platform for running application software

System software helps other software to run, while application software performs specific tasks for the user, so both are software for computer.

simple terms, system software keeps your computer running, while application software helps you do specific tasks on your computer.

System software helps to run the computer. Application sostware specific need or perform task

the system software is required for the smooth operation of the system and for running other applications on the system and for application software its is an additional software added according to users preferences

268

System software -General purpose software, Application Software Specific purpose software

System software is a computer program which is used in Hardware is used to

System software is a software which is in the device. The system cannot run without system software and the application software means we are downloading the software .The system will run without application software system software is faster than application software eg:Java,c++ and the eg for application software is Microsoft.system software is SRAM and application software is DRAM

Software is the parts that used for function application software is used for applicational programs and functions

System software is the software which is used by the computer to run ,Applications- it is the software that is installed from an external source and can be run on a computer

Without system software system cannot be work without application software system will work

It is a type of program

System software is used to run the computer and application software is used to run the application

System software acts as the backbone of a computer system, managing hardware resources and providing a platform for running other software. This includes operating systems like Windows, macOS, and Linux, along with utility programs such as device drivers and system utilities. Application software, on the other hand, is designed to perform specific tasks or fulfill particular user needs. Examples include word processors, web browsers, games, and productivity tools. Unlike system software, which focuses on managing the computer's operation, application software serves to accomplish user-defined functions, like creating documents, browsing the internet, or editing images.

Hardware is the physical part we can touch and software is the virtual part used for logical operations

Hardware is an input device Software is an output device

Hardware - it is the part of computer that we can touch and feel .it includes the computer and all the devices connected to it that are used to input and output data. Software -it is installed in a computer.we cannot touch and feel.it is prone to viruses

Hardware are components that can be see and operate computer from outside.software devices control and operate the system from inside the computer.

Hardware isa phycial part of the computer which we can touch. Software help us to use hardware in a desired way. Hardware cant be easily replaced whereas software can be easily replaced

Hardware is physical component that can touch or see, software is inbuild cant see or touch

Hardware is the physical part of a computer . Software is the set of instructions given to the computer.

Hardware is the external components and software is internal component hardware can and software we cannot touch or see .

Hardware refers to the physical components of a computer system that you can see and touch software on other hand refers to the non physical components of a computer system

Hard ware is devices physical but software are programss

Hardware is the parts of the computer to perform a function where as software determines how to perform the function

Hardware include monitor, keyboard, inside devices. Software include outside objects

hardware is the one which we connect to the system which helps in input or output of datas

Software -Virus prone , Hardware No virus attack

272

Hardware is a physical component, software is a non physical component

Hardware is the physical part of the computer and software is a program

Hardware we can use in physicaly like monitor, keyboard etc

Hardware- It is the physical components of computer .Software - it is the sets of instructions that a computer runs or executes

Any physical components of a computer that we can see and touch called hardware and software can't touch it will installed in system

Hardware is physical and we can see and touch. Software is not physical it is not touchable and seeable

Hardware is the external part or the part which we can see and touch and software is the internal part which we cannot see physically

Hardware comprises the tangible components of a computer system, including the CPU, memory, storage devices, input and output devices, and peripherals. Conversely, software consists of intangible programs and instructions, such as operating systems, application software, and system software, which control and operate the hardware. Together, hardware and software collaborate to enable computers to execute tasks and functions.

What is the function of the motherboard in a computer?

25 responses

Vhgf

Qwe

Hj

It consists of every action and performs as brain of the computer

It is the main part of the computer which helps in performance of the system

It consists of the main parts of a computer .it includes CPU RAM and BIOS chip Expansion slots Heat sink/fan

To operate all functions that take place inside the computer

Motherboard connects all of the hardware rogether. All hardware are connected to it. Cpu which processes the data is also present in the motherboard. In a pc where thereis no external graphics card, hdmi is connected from monitor to motherboard to get output from integrated graphics of cpu.

It stors the chipset and help in processing

Which controls all other units of a computer.

Motherboard is the main part that fix all other components that a computer need to operate .

The motherboard refers as a main circuit board of a computer ant it plays several crucial function

It act as a main part of a cpu and its used to connect devices like ram chip etc, it also allows to provide power to each device that are connected

The function of motherboard is a to provide a physical platform to connect Ram CPU etc

Motherboard helps to connect all the parts that require to

the motherboard function is to ensure the proper working of the total system from giving power to connecting all the system together

Main circuit in a computer

Motherboard act as power System of computer

OS used to run software and offers packages to install

Operating system help us to get better performance

It is needed to operate a computer.

Operating system helps to coordinate functions of computer and helps to operate things that takes place inside computer very well.

Its an software that enables the user to interact with the computers hardware. For example it allow us to modify data of ssd etc

Operating system is the symbol used for representation of mathematical, logical and conditional things

No

To operate a computer it is necessary

An operating system is a software programs that manage computer

Most importend software, it manges computera memory and processor. It also allows to communicate with the computer with out knowing the coding language

Operating system provide a user interface to the user to perform certain functions easily and convineanently

Operating systems helps to opeate the computer. It controls the system of computer in specific manner

OS is the software that is required for a system to ensure proper working of other applications and the system itself

Operation system is a used to manage the hardware resources

Operating system is a main part in computer

Dr. LEENA A. V.
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY, PAYYANUR
KANNUR

Operating system which used to perform a specific programs

Operating system that is the part of computer that is used for computer operations

Operating system is that software used by the computer to run its internal operations and processes

To operate computer
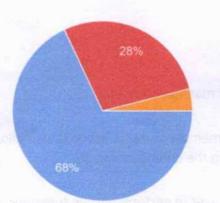

It is the collection of set of program

An operating system is an interface between computer user and computer hardware . It is necessary as it allows us to communicate in the computers language

The operating system (OS) serves as a crucial intermediary between users and computer hardware, managing hardware resources, providing essential services, and enabling communication between software applications and hardware components. Its key functions include resource management, process management, memory management, and file system management. These functionalities ensure efficient utilization of hardware resources, smooth execution of software programs, optimal allocation of memory space, and effective organization of files and directories on storage devices. Overall, the operating system plays a fundamental role in the operation and usability of computer systems.

EVENT PROPOSAL FORM

I. TO BE FILLED BY THE EVENT COORDINATOR(S)

1	Event type	IIC
2	Event name	MOONBOUND MAGIC: Chandrayaan – 3 Spectacles
3	Whether the event is inter departmental? If yes, mention the other department(s) associated with	Computer Science And Engineering in association with IIC
4	Mode of conduct [online / offline]	Offline
5	Date and time	21-09-2023, Thursday 09:30am – 03:00pm
6	Venue	Inauguration and Valedictory function - meeting hall
7	Whether any professional body is associated with the event? If yes, name the body	No
8	Participants / Target Audience	S1 students
9	Whether the event is conducted for bridging the gap in syllabus? If Yes, name the course with code and the semester and year it the subject is handled	Yes
10	Objectives of the event	1. **Educational Insight:** Provide B. Tech students with a unique educational opportunity to gain in-depth knowledge about the Chandraayan-3 mission, its scientific significance, and its contribution to space exploration. 2. **Interaction with Experts:** Facilitate interaction and knowledge exchange between students and the eminent scientist who worked on the Chandrayaan-3 mission, offering them insights into real-world space research and career prospects in the field.

Dr. LEENA A. V.
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY, PAYYANUR
KANNUR

3. **Skill Enhancement:** Enhance students' skills and creativity by encouraging participation in a variety of events like speeches, quizzes, drawing, poster making, collage creation, article writing, PPT presentations, video content creation, and photography, aligning with their curriculum.

4. **Holistic Learning:** Encourage interdisciplinary learning by allowing students to engage in different types of activities that cater to their diverse interests and talents, aligning with the holistic nature of the B. Tech curriculum.

5. **Problem-Solving Abilities:** Promote critical thinking and problem-solving abilities among students by challenging them with questions related to the Chandrayaan-3 mission in quizzes, articles, and presentations.

6. **Communication Skills:** Improve students' communication skills by encouraging them to express their ideas and knowledge through speeches, articles, and presentations, preparing them for future career opportunities where effective communication is essential.

7. **Creative Expression:** Foster creativity and artistic expression through drawing, collage, and poster-making events, enabling students to communicate complex ideas visually.

8. **Technical Proficiency:** Enhance technical proficiency by encouraging students to create PPT presentations, videos, and photography related to the Chandrayaan 3 mission, aligning with their B. Tech curriculum.

9. **Teamwork and Collaboration:** Promote teamwork and collaboration through group activities like collages, group presentations, and video content creation, helping students develop essential interpersonal skills.

11	**Expected Outcomes**	Exploration of moon, Scientific Research, Inspiration.
12	**Connected PO / PSO**	PO1 PO2 PO3 PO12
13	**Justification for PO / PSO [may use separate sheet if necessary]**	Engineering knowledge, Problem Analysis, Design / Development Of Solution, Life Long Learning

285

14	Name of the resource person(s)	Dr. V K Janardhanan
15	Designation of the resource person (may attach separate sheet to indicate the profile)	Former deputy project director GSLV project, VSSC ,Trivandrum Former principal SNGCET
16	Resource requirements	1. **Expert Resource Person:** • Eminent Scientist with expertise in the Chandrayaan-3 mission. • Availability for the duration of the program. • Proficiency in delivering presentations and engaging with participants. 2. **Presentation Materials:** • Laptop or computer with necessary software for PowerPoint presentations. • Projector and screen for displaying PPT slides. • Adequate power supply and backup for uninterrupted presentations. 3. **Audio-Visual Equipment:** • Sound system (microphone, speakers) for clear and audible presentations. • Video playback equipment for showing videos. 4. **Multimedia Support:** • Access to a reliable internet connection for live streaming or accessing online resources. • Adequate bandwidth for video streaming and webinars. 5. **Technical Support:** • IT support personnel for setting up and troubleshooting technical equipment. • Backup equipment in case of technical failures. 6. **Documentation:** • Cameras and recording equipment for documenting the program. • Photographers and videographers if necessary. 7. **Transportation and Accommodation:** • If required, arrangements for the resource person's transportation and accommodation. 8. **Registration and Feedback System:** • Registration desk and materials for participants. • Feedback forms and data collection tools for evaluation. 9. **Budget Allocation:**

Dr. LEENA A. V.
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY, PAYYANUR
KANNUR

286

		• Allocation of funds for resource person's honorarium, travel expenses, and any other related costs.
		10. Cleaning and Maintenance:
		  • Cleaning services for the venue before and after the event.
		  • Maintenance services for technical equipment.
		11. COVID-19 and Nipah Precautions:
		  • Adherence to local health guidelines, including mask-wearing, social distancing, and sanitization.

17	Any fund from external source will be received? If yes, mention it.	No
18	Whether budget for the event is attached? (use separate sheet to indicate the estimated budget)	No
19	Any other relevant information	Nil
20	Name of the event coordinator(s)	Shyaman V P
21	Dated signature of the coordinator(s)	Assistant Professor, SNGCET

II. TO BE FILLED BY THE DEPARTMENT HOD (any one of the HoD, in case if the event is jointly conducted by various department(s))

1	Comments on the relevance of the event	Highly relevant
2	Recommendation [Put a tick on whichever is applicable]	Recommended ✓ Not Recommended
3	Name	Mr Sunder.V
4	Dated Signature	18/9/2023

DATED SIGNATURE OF THE PRINCIPAL:

REPORT ON "Moonbound Magic : Chandrayaan-3 Spectacle"

"Moonbound Magic : Chandrayaan-3 Spectacle" was organised by the department of computer science and engineering in association with the IIC cell, SNGCET, on 21th September 2023 in Inauguration and Valedictory function - meeting hall   From 09:30am – 03:00pm   This was conducted by the Guest of Honour and resource person, Dr. V K Janardhanan Former deputy project director GSLV project, VSSC ,Trivandrum Former principal SNGCET. The session was presided over by the Principal, Dr. Leena A V, Sri Rajendran T. K, Vice- President, Sree Bhakthi Samvardhini Yogam , Talap Dean UG and PG studies, Dr. Susan Abraham, Nodal officer of IEDC, Dr. Raji Sukumar A, Mr.Shyaman V.P Asst.Professor H&S.

The session was very informative and valuable which helped the students to get a clear idea About launching of Chandrayaan –III.. The intersection of computer programming and space exploration has given rise to a new era of precision and innovation. This report delves into the critical role of computer programming in moon missions, with a focus on Chandrayaan-3. Proficiency in coding has become the digital backbone of lunar exploration, impacting navigation, communication, data analysis, and decision-making. This report explores the significance of coding in lunar missions, highlighting technological advancements, challenges, and future prospects . The resource person created a friendly environment and made the session engaging , interesting and participative through interactions and a lot of educative videos like advertisements case studies etc.

The event was co-ordinated by Mr. Shyaman V.P Asst. Professor H&S. The session was attended by the S1 students of all the braches. The Guest of honour was presented with a memento by the Principal as a token of appreciation. The seminar concluded at 3.30 pm.

POST EVENT ANALYSIS FORM

I. TO BE FILLED BY THE EVENT COORDINATOR(S)

1	Event type conducted	IIC
2	Event name	MOONBOUND MAGIC: Chandrayaan – 3 Spectacles
3	Date and time of the event conducted	21-09-2023, Thursday 09:30am – 03:00pm
4	Venue	Inauguration and Valedictory function - meeting hall
5	Whether the event was interdepartmental? If yes, mention the department(s) associated with	No
6	Mode of conduct [online \ offline]	Offline
7	Is there any deviation from the proposal in the date, time and venue of the event? If yes, mention the reason for change	No
8	Whether any professional body was associated with the event? If yes, name the body	No
9	Any funds received from the professional body? Indicate the amount	No
10	Participants / Target Audience	S1 students
11	Whether the event is conducted for bridging the gap in syllabus? If Yes, name the course with code and the semester and year it the subject is handled	Yes
12	Objectives of the event	• **Educational Insight:** Provide B. Tech students with a unique educational opportunity to gain in-depth knowledge about the Chandraayan-3 mission, its scientific significance, and its contribution to space exploration.

PAGE 1 OF 2

- **Interaction with Experts:** Facilitate interaction and knowledge exchange between students and the eminent scientist who worked on the Chandrayaan-3 mission, offering them insights into real-world space research and career prospects in the field.
- **Skill Enhancement:** Enhance students' skills and creativity by encouraging participation in a variety of events like speeches, quizzes, drawing, poster making, collage creation, article writing, PPT presentations, video content creation, and photography, aligning with their curriculum.
- **Holistic Learning:** Encourage interdisciplinary learning by allowing students to engage in different types of activities that cater to their diverse interests and talents, aligning with the holistic nature of the B. Tech curriculum.
- **Problem-Solving Abilities:** Promote critical thinking and problem-solving abilities among students by challenging them with questions related to the Chandrayaan-3 mission in quizzes, articles, and presentations.
- **Communication Skills:** Improve students' communication skills by encouraging them to express their ideas and knowledge through speeches, articles, and presentations, preparing them for future career opportunities where effective communication is essential.
- **Creative Expression:** Foster creativity and artistic expression through drawing, collage, and poster-making events, enabling students to communicate complex ideas visually.
- **Technical Proficiency:** Enhance technical proficiency by encouraging students to create PPT presentations, videos, and photography related to the Chandrayaan 3 mission, aligning with their B. Tech curriculum.
- **Teamwork and Collaboration:** Promote teamwork and collaboration through group activities like collages, group presentations, and video content creation, helping students develop essential interpersonal skills.

13	**Expected Outcomes**	Exploration of moon. Scientific Research, Inspiration.
15	**Connected PO / PSO**	PO1 PO2 PO3 PO12
16	**Justification for PO / PSO [may use separate sheet if necessary]**	Engineering knowledge, Problem Analysis, Design / Development Of Solution, Life Long Learning
17	**Whether feedback forms from audience and resource person is collected?**	Yes

FEEDBACK ON WORKSHOP - ROUTER CONFIGURATION WITH CISCO

1. How would you rate your overall satisfaction with the workshop on router configuration with Cisco?
   - Very satisfied
   - Satisfied
   - Neutral
   - Dissatisfied
   - Very dissatisfied

2. Did the workshop meet your expectations in terms of content relevance and depth?
   - Yes, exceeded expectations
   - Yes, met expectations
   - No, fell short of expectations

3. What was the most valuable aspect of the workshop for you?
   - Hands-on practice session
   - Instructor's expertise
   - Content clarity and organization
   - Networking with peers
   - Other (please specify)

4. How likely are you to apply the knowledge and skills gained from this workshop in your academic or professional endeavours?
   - Very likely
   - Likely
   - Neutral
   - Unlikely
   - Very unlikely

5. How would you rate the expertise and effectiveness of the resource person (instructor) in delivering the workshop on router configuration with Cisco?
   - Excellent

- Very good
- Good
- Fair
- Poor

6. Did the resource person effectively explain complex concepts and provide practical guidance during the workshop?
   - Yes, very effectively
   - Yes, to some extent
   - No, not effectively

7. How would you describe the resource person's communication and teaching style?
   - Clear and engaging
   - Informative but could be more engaging
   - Difficult to follow

8. Did the resource person encourage participation and address questions adequately during the workshop?
   - Yes, encouraged participation and addressed questions well
   - Encouraged participation but could improve in addressing questions
   - Did not encourage participation or address questions effectively

9. Overall, how satisfied were you with the resource person's performance in the workshop?
   - Very satisfied
   - Satisfied
   - Neutral
   - Dissatisfied
   - Very dissatisfied

FEEDBACK ON WORKSHOP - ROUTER CONFIGURATION WITH CISCO

1. How would you rate your overall satisfaction with the workshop on router configuration with Cisco?
   - Very satisfied
   - Satisfied
   - **Neutral**
   - Dissatisfied
   - Very dissatisfied

2. Did the workshop meet your expectations in terms of content relevance and depth?
   - Yes, exceeded expectations
   - **Yes, met expectations**
   - No, fell short of expectations

3. What was the most valuable aspect of the workshop for you?
   - Hands-on practice session
   - Instructor's expertise
   - **Content clarity and organization**
   - Networking with peers
   - Other (please specify)

4. How likely are you to apply the knowledge and skills gained from this workshop in your academic or professional endeavours?
   - Very likely
   - Likely
   - **Neutral**
   - Unlikely
   - Very unlikely

5. How would you rate the expertise and effectiveness of the resource person (instructor) in delivering the workshop on router configuration with Cisco?
   - Excellent

in delivering the workshop on router configuration with Cisco?

- Excellent
- Very good
- Good
- Fair ●
- Poor

6. Did the resource person effectively explain complex concepts and provide practical guidance during the workshop?

- Yes, very effectively
- Yes, to some extent ●
- No, not effectively

7. How would you describe the resource person's communication and teaching style?

- Clear and engaging
- Informative but could be more engaging ●
- Difficult to follow

8. Did the resource person encourage participation and address questions adequately during the workshop?

- Yes, encouraged participation and addressed questions well
- Encouraged participation but could improve in addressing questions ●
- Did not encourage participation or address questions effectively

9. Overall, how satisfied were you with the resource person's performance in the workshop?

- Very satisfied
- Satisfied
- Neutral
- Dissatisfied ●
- Very dissatisfied

FEEDBACK ON WORKSHOP - ROUTER CONFIGURATION WITH CISCO

1. How would you rate your overall satisfaction with the workshop on router configuration with Cisco?
   - ✓ Very satisfied
   - Satisfied
   - Neutral
   - Dissatisfied
   - Very dissatisfied

2. Did the workshop meet your expectations in terms of content relevance and depth?
   - Yes, exceeded expectations
   - ✓ Yes, met expectations
   - No, fell short of expectations

3. What was the most valuable aspect of the workshop for you?
   - ✓ Hands-on practice session
   - Instructor's expertise
   - Content clarity and organization
   - Networking with peers
   - Other (please specify)

4. How likely are you to apply the knowledge and skills gained from this workshop in your academic or professional endeavours?
   - ✓ Very likely
   - Likely
   - Neutral
   - Unlikely
   - Very unlikely

5. How would you rate the expertise and effectiveness of the resource person (instructor) in delivering the workshop on router configuration with Cisco?
   - Excellent

Dr. LEENA A V
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY
PAYYANUR, KANNUR

in delivering the workshop on router configuration with Cisco?

- Excellent
- Very good
- Good
- Fair
- Poor

6. Did the resource person effectively explain complex concepts and provide practical guidance during the workshop?

- Yes, very effectively ✓
- Yes, to some extent
- No, not effectively

7. How would you describe the resource person's communication and teaching style?

- Clear and engaging ✓
- Informative but could be more engaging
- Difficult to follow

8. Did the resource person encourage participation and address questions adequately during the workshop?

- Yes, encouraged participation and addressed questions well ✓
- Encouraged participation but could improve in addressing questions
- Did not encourage participation or address questions effectively

9. Overall, how satisfied were you with the resource person's performance in the workshop?

- Very satisfied ✓
- Satisfied
- Neutral
- Dissatisfied
- Very dissatisfied

REPORT ON WORKSHOP – ROUTER CONFIGURATION WITH CISCO

Techkranti 5.0, the national-level techfest organized by the Department of Computer Science and Engineering, SNGCET, hosted a workshop on router configuration with Cisco on 23/11/2022. The workshop aimed to provide participants with hands-on experience and practical knowledge in configuring routers using Cisco technology.

The workshop commenced with an introduction to Cisco routers, highlighting their importance in networking and IT infrastructure. Participants were guided through the basics of router configuration, covering topics such as IP addressing, routing protocols, and security configurations.

The session also delved into advanced router configuration techniques, including access control lists (ACLs), virtual private networks (VPNs), and Quality of Service (QoS) settings. Participants gained insights into optimizing router performance and enhancing network security.

A significant part of the workshop included a hands-on practice session, where participants had the opportunity to configure routers using Cisco equipment under the guidance of the instructor. This practical experience allowed participants to apply the concepts learned and troubleshoot common networking issues. Many participants expressed appreciation for the practical skills gained and the relevance of the workshop in preparing them for networking roles and certifications.

The router configuration workshop with Cisco hosted by Techkranti 5.0 was a highly beneficial and practical learning experience for participants. The workshop's focus on hands-on practice, coupled with expert guidance, contributed to a comprehensive understanding of router configuration using Cisco technology. The event's success highlights the commitment of SNGCET's Department of Computer Science and Engineering to providing quality education and practical skills development in networking and IT domains.

Sub: Request for permission to start software incubation cell in our collage.

Respected Madam,

On behalf of the Department of Computer Science and Engineering I would like to kindly request to grant permission for starting software incubation cell in our collage. The detailed proposal is attached herewith. I am sure this incubation cell will bring good technical exposure amongst students inside and outside the campus and also bring accolades to the college.

Thanking you,

Through,

Veena KK
AP, CSE

Sunder V
HoD, CSE

Respected Principal,
This would add more
advantage to our students,
making them capable of
self learning developing
programming skills. Kindly
request you to approve this

ABOUT

Incubation Centre is a space within the campus for new age entrepreneurs and young minds to transform their innovative ideas into viable business propositions. Cell will ensure that incubates have access to technological assistance which will be generated through mentors with multidisciplinary expertise. It is expected that encouragement for young enthusiasts will be provided with creative pursuits with an inherent zeal to be entrepreneurs to take advantage of this novel initiative. It tend to draw on the resources and expertise of their staff, external consultants, existing entrepreneurs, peer-to-peer networks, and external enterprise support. They tend to operate using mixed revenue streams from rental income and fees or funds. These may be obtained from other private and public sources. It help young entrepreneurs to solve some of the problems commonly associated with running campus start-ups. Active participation in the incubation cell will be an added advantage for the students to nourish various courses in the curriculum.

NEED FOR INCUBATION CENTRE

For entrepreneurs, the start-up stage can be treacherous and exhausting. Business incubators are there to help with the growing pains by providing them with seed money office space, supplies, technologies, office spaces, offer professional services (such as marketing and accounting) and connect company founders with mentors, clients, and venture capital firms. This will set as a base for all the budding entrepreneur.

VISION

- To facilitate budding entrepreneurs by developing a platform to start an IT venture with minimum risks.

MISSION

- To encourage student entrepreneurs to bring out their technical talentsby providing a platform for nurturing, encouraging and developing innovation and entrepreneurial skills within the campus.

LONG TERM OBJECTIVES

- To create jobs, wealth and business aligning with national priorities
- To promote new technology/knowledge/innovation based start-ups.
- To provide a platform for speedy commercialization of technologies developed by the host institution or by any academic/technical/R&D institution

Dr. LEENA A. V.
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY, PAYYANUR
KANNUR

336

- To build a vibrant start-up ecosystem, by establishing a network between academia, financial institution, industries and other institutions.
- To provide cost effective, value added services to start-ups like mentoring, legal, technical, intellectual property related services.

SHORT TERM OBJECTIVES

- To encourage Entrepreneurship and innovation and incubation of ideas from the students.
- To support the student projects that can be developed into start-ups.
- To conduct technical, business and innovative workshops, boot camps, hackathons in the campus.
- To encourage students to participate entrepreneurial events outside the campus.
- To cater to the projects that solve problems and find solution to local needs (district and state) rather than global problems and needs.
- To facilitate the students to get internships through the companies which are under incubation

REPORT ON INAUGURAL CEREMONY OF SOFTWARE INCUBATION CELL

The inaugural ceremony on 20th January commenced at 11.30 AM with a warm welcome extended to all attendees by Ms.Veena KK, SIC lab coordinator. The event was graced by the presence of Sri. K P Pavithran(Secretary, SBSY), Sri. T K Rajendran (Vice President, SBSY), Dr Leena A V (Principal, SNGCET), Mr Sunder V (HoD CSE) who have been instrumental in supporting our institution's initiatives.

Mr Sunder V(HoD CSE) delivered an inspiring keynote address that emphasized the role of incubation cells in nurturing young entrepreneurs and driving economic growth. The keynote highlighted the importance of providing a conducive environment for innovation and shared valuable insights on how incubation cells can contribute to the startup ecosystem.
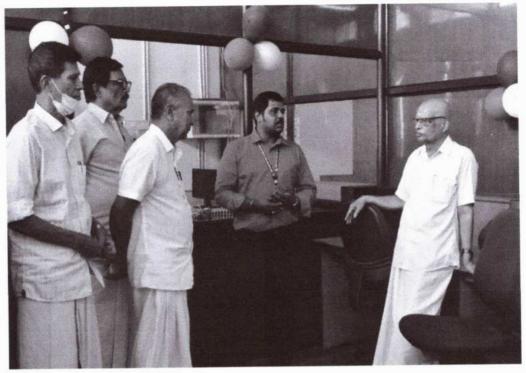

The ceremony also featured an address by Sri. K P Pavithran(Secretary, SBSY), who spoke about the vision behind establishing the Incubation Cell at SNGCET.Sri. T K Rajendran (Vice President, SBSY), underscored the institution's commitment to providing students with the necessary resources, mentorship, and opportunities to transform their innovative ideas into viable businesses.

The event showcased a virtual tour of the Incubation Cell's state-of-the-art facilities, highlighting the various resources available to students, including dedicated workspaces, mentorship programs, access to funding, and networking opportunities.

The inaugural ceremony of the Incubation Cell at SNGCET was a resounding success, reflecting our institution's commitment to nurturing the entrepreneurial spirit within our students. The event provided a platform for meaningful discussions, networking, and inspiration, setting the stage for the Incubation Cell to become a hub of innovation and creativity.

A Report On Poster Design Workshop
"Become a Canva Expert"
Venue: Project Lab

DATE : 18/09/2023

On 18th September 2023, a workshop on poster designing and becoming a Canva expert was conducted at the Project Lab of Sree Narayana Guru College of Engineering and Technology. The event aimed to equip participants with the skills necessary to create visually appealing posters using Canva, a popular graphic design platform. Ms. Anamika Sureshbabu, the lab instructor, spearheaded the workshop with Mr. Nishanth KP, the technical assistant, serving as one of the event coordinators.

The workshop commenced at 10:00 AM with an introduction by Ms. Anamika Sureshbabu, who outlined the objectives and structure of the session. Participants were introduced to the fundamentals of poster designing, including layout, typography, color theory, and visual hierarchy.

The workshop encouraged active participation, with attendees posing questions, seeking clarifications, and sharing insights. Ms. Anamika and Mr. Nishanth provided personalized guidance and feedback, fostering a collaborative learning environment.

The workshop concluded with a recap of key takeaways and resources for further learning. Participants expressed appreciation for the hands-on experience and the practical skills gained during the session. Ms. Anamika Sureshbabu, Mr. Nishanth KP, and the organizing team were commended for their efforts in facilitating a successful and enriching workshop.

SREE NARAYANA GURU COLLEGE OF ENGINEERING & TECHNOLOGY

COMPUTER SCIENCE AND ENGINEERING   DEPARTMENT

SOFTWARE INCUBATION CELL

Sree Sundareshwara Matrimony

1. Introduction

1.1 Purpose

The purpose of this document is to outline the requirements for the development of a matrimony website. It defines the features, functionalities, and constraints of the system to be developed.

1.2 Scope

The matrimony website allows users to register, create profiles, search for other users based on various criteria, interact with other users through friend requests and chat, and manage their subscription. The website aims to provide a platform for individuals seeking matrimonial connections.

2. System Description

The matrimony website will consist of the following modules:

- User Registration
- Profile Management
- Subscription and Access Control
- Search Functionality
- Document Upload
- Subscription Management
- Notification System
- Admin Panel

3. Functional Requirements

3.1 User Registration

- Allow users to register with a unique username and password.
- Require mobile number verification during registration.

3.2 Profile Management

- Redirect registered users to their profile page to input additional information.
- Categorize profile into public and private sections, with private information requiring approval.
- Allow users to edit their details and upload profile and additional photos.
- Enable users to set profile picture visibility (public or only to registered users).

3.3 Subscription and Access Control

- Grant access to registered users with an active subscription.
- Allow subscribed users to access site functions.
- Provide an option for users to display their name and picture only to subscribed users or to all.

3.4 Interaction Features

- Allow users to send friend requests, accept or reject requests, and manage a friend list.
- Enable users to block other users and manage a blocked list.
- Implement a chat feature with the option to communicate without displaying contacts.

3.5 Search Functionality

Allow users to search for specific users by name or apply filters based on criteria like age group.

3.6 Document Upload

Provide users with an option to upload documents such as birth certificates or religious papers (optional).

3.7 Subscription Management

- Offer subscription for a 3-month period with a fee.
- Notify users before the subscription renewal date.
- Block site access for users who fail to recharge after the renewal date.
- Delete users from the database if they repeatedly fail to pay.

3.8 Notification System

- SMS for email or verification
- Email notifications to users for updates.

4. Non-Functional Requirements

4.1 Security

- Implement secure user authentication and data encryption.
- Ensure user data privacy and protection.

4.2 Performance

- Ensure fast loading times for profile pages and search results.
- Handle concurrent user interactions efficiently.

4.3 Scalability

- Design the system to handle a growing user base.
- Ensure that performance remains consistent with increased usage.

4.4 Reliability

- Minimize downtime and ensure system availability.
- Implement backup and recovery procedures to prevent data loss.

4.5 User Experience

- Design an intuitive user interface for easy navigation and interaction.
- Ensure compatibility across different devices and browsers.

4.6 Compliance

Comply with relevant regulations regarding user data protection and privacy.

4.7 Admin Panel

Provide administrators with tools to manage users, subscriptions, and site functionality efficiently.
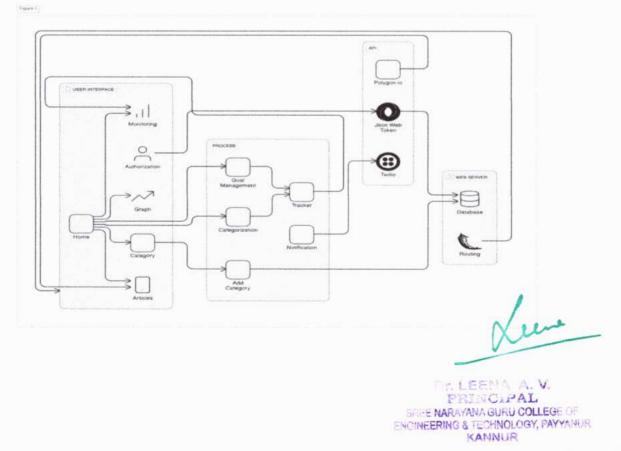

4.8 Technology Stack

- Utilize HTML, CSS, and JavaScript for front-end development.
- Use Python with Flask for backend development.
- Employ SQLite3 through SQLAlchemy for the database.
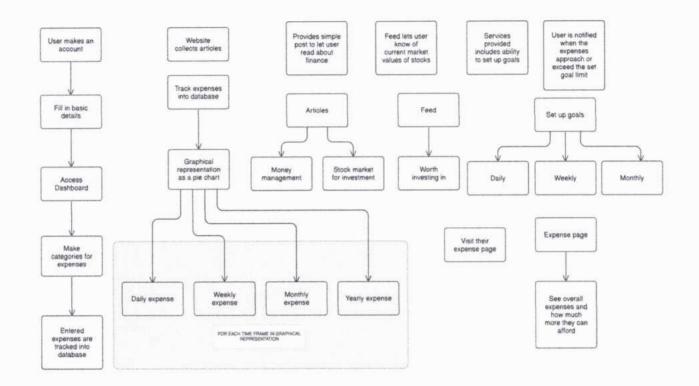

5.Glossary

- SRS: Software Requirements Specification
- SMS: Short Message Service
- HTML: Hyper Text Markup Language
- CSS : Cascading Style Sheet

6. Revision History

Version 1.0: Initial version of the SRS document.

the participants.

GENERAL RULES AND REGULATIONS

❖ Its an online event.
❖ The participant will not be allowed to use any **other tabs or other electronic gadgets** during the quiz.
❖ The questions shall be in the form of multiple choices, true / false statement, specific - one word answer, visual ,puzzles and the like.
❖ The decision of the quiz-master will be final and will not be subjected to any change.
❖ The participant should be present at the given time.
❖ The participant should have proper internet connectivity.
❖ After answering all the questions in the Google sheet participants should click Submit button or else the response will not be recorded and the participant will run out of time.
❖ Late submission of forms will not be entertained and such entries will be discarded.

ROUND DETAILS

ROUND 1
TAKE YOUR PICK
- It's a basic preliminary round
- The total time allowed for this round is 10 minutes.
- This round contains 50 basic technology related multiple choice questions.
- Each correct answer will fetch 5 marks.
- If you mark incorrect answer, 3 mark will be reduced from your total score

ROUND 2
GUESSING GUNS
- This round contains one word .
- The total time allowed for this round is 10 minutes.
- This round contains 30 questions.
- Each correct answer will fetch 10 mark.
- If you mark incorrect answer, 5 mark will be reduced from your total score.

ROUND 3
PUZZLE ROUND
- It's a puzzle round.
- In this round each participants will get 20 MCQ (puzzles) in a Google sheet.

- The total time allowed for this round is 8 minutes.
- Each correct answer will fetch 2 marks.
- If you mark incorrect answer, 1 mark will be reduced from your total score.

ROUND 4
DO YOU KNOW ME
- This is a visual round ,it will be conduct in a Google meet .
- The time allowed for each question is 8 seconds.
- This round contains 3 questions per head.
- Each correct answer will fetch 3 marks.
- There is no negative marking in this round.

ROUND 5
RAPID FIRE
- it will be conduct in a Google meet .
- The time allowed for each question is 8 seconds.
- This round contains 5 questions per head.
- Each correct answer will fetch 3 marks.
- There is negative marking in this round.

INTERNAL QUIZ ROUNDS & RULES

OBJECTIVE:

The purpose of this quiz competition is to test and motivate technological knowledge of the participants.

GENERAL RULES AND REGULATIONS

- Its an online event.
- Participants should have proper internet connection.
- The participant will not be allowed to use any **other tabs or other electronic gadgets** during the quiz.
- The questions shall be in the form of multiple choices, true / false statement, specific -one word answer, visual and the like.
- The decision of the quiz-master will be final and will not be subjected to any change.
- The participant should be present at the given time.
- The participant should have proper internet connectivity.
- After answering all the questions in the Google sheet participants should click Submit button or else the response will not be recorded and the participant will run out of time.
- Late submission of forms will not be entertained and such entries will be discarded.

ROUNDS

ROUND 1 [TAKE YOUR PICK]
1) It's a basic preliminary round
2) The total time allowed for this round is 15 minutes.
3) This round contains 40 basic technology related multiple choice questions.
4) Each correct answer will fetch 5 marks.
5) If you mark incorrect answer, 3 mark will be reduced from your total score

ROUND 2 [GUESSING GUNS]
1) In this round the questions are the combination of both visual and one word questions.
2) The total time allowed for this round is 15 minutes.
3) This round contains 30 questions.
4) Each correct answer will fetch 10 marks.
5) If you mark incorrect answer, 5 mark will be reduced from your total score

ROUND 3 [RAPID FIRE]
1) It's a rapid fire round.
2) In this round each participants will get 5 questions from quiz master.
3) Each correct answer will fetch 2 marks.
4) If you mark incorrect answer, 1 mark will be reduced from your total score.

ROUND 4 [DOUBLE TROUBLE]
1) This round the contains various kinds of puzzles like number series ,letters etc .
2) The total time allowed for this round is 5 minutes.
3) This round contains 2 questions.
4) Each correct answer will fetch 5 marks.
5) There is no negative marking in this round.

The Computer Science and Engineering department of Sree Narayana Guru College of Engineering and Technology in association with TECHKRITI brings a two-day National level tech fest TECHKRANTI_2K21 on June 15th and 16th. Get an amazing chance to earn a minimum of 62 activity points just by participation and also a chance to win amazing cash prizes worth 10000. Join us at SNGCET as virtual to experience the vibrenza of Techkranti 2k21. Techkranti brings its 4th iteration of the event in Kerala as a virtual fest.

TECHKRANTI 4.0

GALLERIA

DATE & TIME: 15 / 06 / 2021 FROM 4:00 TO 6:15 PM

Galleria brings you 4 participation points

Winners will earn a bonus of 4+2 activity points and a Cash Price.

OBJECTIVE

The purpose of this event is to develop your ability to communicate perceptively (matching your explanation to your audience) and concisely - an important workplace skill

RULES

❖ The event shall be conducted online.

❖ The participants should have proper internet connectivity while attending the event.

❖ No Refund will be provided if failed to participate.

❖ A team can have maximum of two participants.

❖ There is only one round in this event.

❖ A total of five unique problems will be given and a participant/team has to attend minimum of three questions among them.

❖ Two hours and fifteen minutes will be given to complete the event.

❖ The participant/team is to present the solution for the problem in digital poster format (A4 size) as flowchart of the intended solution (poster can be designed using shapes and arrows in Microsoft Word, Microsoft PowerPoint or any other platform which allows to create

posters).

- ❖ Making the poster with screenshots is strictly forbidden.
- ❖ If you are found to be involved in any kinds of malpractices, you/your team will be disqualified.
- ❖ A detailed description is to be given below the flowchart explaining the idea in detail.
- ❖ All Posters must be included in a file and it must be converted to PDF format before sending.
- ❖ After completion, Filename should be saved of the form: **GroupNumber_GroupMember's name** and file should be send to the email ID **sharijap@sngcet.org**.
- ❖ The Uploading time of the file is from **6:15 to 6:30 PM**.
- ❖ Late submission will not be entertained and such entries will be discarded.
- ❖ E-Certificates will only be provided to the students who have participated in the event.
- ❖ The team whichever comes with unique and innovative algorithm shall be awarded.
- ❖ The decision of judging panel involving experienced faculty will be final.

HOD/CSE

BUGSMASH (15/06/2021)

The event will be conducted as two stages
  Preliminary round
  Final round
Individual Participant is only permitted for the event.
Language: C
Use of any study materials/electronic devices/medias are not allowed during the event.
Do not toggle between tabs.
Smooth and uninterrupted internet connectivity is required.

ROUND 1 (Preliminary) (11:45 AM to 11:55AM)
1. Preliminary test is conducted with 15 objective type questions and should be completed within 10 minutes.
2. Each correct answer will be awarded with 1 point.
3. There will be no negative marking for incorrect response.
4. Five participants will be selected for the final round on the basis of their total score as well as the time of submission of the test .
5. All the participants should enter to the test on correct time scheduled. The test link will expire after 5 minutes of the test start time.

ROUND 2(Final) (12:30PM to 1:00PM)
1. Final round is conducted with 2 questions and should be completed within 30 minutes.
2. A set of 2 programs are given with 15 logical / syntactical errors for each program.
3. One mark is allotted for debugging each error. So total 30 marks will be awarded for the correct submission of 2 programs.
4. The participants are not allowed to change the entire program.
5. The ranking will be determined depending up on the total points scored as well as the time taken by the candidate in this round.
6.Paper & Pen are allowed to use, if you may need it for any rough works.

Warning
1. If you are found to be involved in any kind of malpractices you will be disqualified from the test.
2. All decisions made by the panel are final and are not subject to appeal.

Important Instructions
1. The test link will be shared to your mail 5 minutes before the test.
2.There will be sign up procedures during attending the final round. So please sign up with your email account provided during registration. After sign up you will be received with a confirmation mail and make sure that you click on the confirm account link in it before attending the test.
3. We recommend to use chrome browser on your computer or mobile for attending the test. So please install it before the test.
4. Five participants who are qualified for final round will be informed through their mail or the whatsapp group.
5. Result of the final round will be announced on 16/06/2021.
6. E-certificates will be provided for those who participated the event.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
REPORT OF NATIONAL LEVEL TECH FEST
(Techkranti 2K21)

15/06/2021 & 16/6/2021 Report

Two day Virtual National Level Tech Fest was conducted by the department of computer science and engineering on 15th &16th June 2021. The Tech Fest was titled with "TECHKRANTI 4.0". That day greeted us with pleasant and memorable moments. The event started with the formal inaugural function at 9:30 A.M in google meet. Chief guest Dr.Manikandan Rangaswamy,Professor, Department of Mathematics,Central University Kerala K.P Pavithran, Secretary SBSY, Talap, Kannur, Dr. Suresan Pareth, Principal, Dr.Leena AV,UG Dean, Dr. Manjula Bhanuvikrmam, Administrative Officer, Prof. Sunder V, Head of the Department, Prof. Sujith D, SystemAdmin/AP, Prof. Jithika M , Staff Coordinator and Mr. Nabeel Abdul Nasar Musthafa, Association secretary CSE were present on the dias.

The invocation began and was enlightened with a special prayer. A welcome address was delivered by Prof. Sunder V.Principal's address by Dr.Suresan Pareth. Followed by which presidential address was delivered by our respected Secretary K.P.Pavithran. Prof.Swetha Pai Assistant professor introduced the Chief Guest. The inaugural address was delivered by our **Chief Guest Dr.Manikandan Rangaswamy** , Professor, Department of Mathematics,Central University Kerala, delivered the importance of technology and made our event memorable . Dr.Leena AV,UG Dean,Dr. Manjula Bhanuvikraman, Administrative Officer,and Prof.Sujith D addressed the gathering. Chief Guest **Dr.Manikandan Rangaswamy** released the souvenir. The innovations, creativity and ability of students were driven out by the release of souvenir. Prof. Jithika M announced the winners of the technical events. The certificate of appreciation was given to the class toppers of different years and the students for their achievements in the academic year 2019-2020.The Inaugural function came to an end with a vote of thanks which was delivered by Mr. Nabeel Abdul Nasar Musthafa, Association secretary CSE.

Students across various reputed colleges from India presented papers about the latest technology inventions. Innovating minds and speaking potentiality was brought out by students and benefited other individuals to gain knowledge.Biggest event was **Techwiz**(Technical Quiz). Quizzes are interactive platforms where students are not participating to take home a prize or get famous overnight, but to gain knowledge, seek opportunities to excel beyond academics and

Dr. LEENA A V
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY
PAYYANUR, KANNUR

secure their future. Six rounds were present in the quiz. After the preliminary round of techwiz **Idea Explorer** (paper presentation) conducted which brought sparkling minds of students and interactions. Four external judeges & 3 internal judges reviewed the presentation.

A very interesting event **Bug Smash** (Code Debugging) was conducted which bowled off the minds of students with plenty of codes. It is one such event where young brains get to showcase their skills and compete with others to find the best. The fourth event was **Galleria** which is a poster presentation related realtime problems.
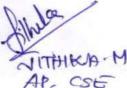

First day events were ended by 5:30 p.m. On second day final round of **Techwiz** conducted.After that there was a webinar on "Anaconda & AI" presented **by Prof.Shalom David**. A closing ceremony was conducted to announce the winners of the events and prizes were distributed to all the winners by our former Principal Dr.V K Janardhanan, former Administrative Officer Lt.col.Preveen C and faculties of the department. The winners of the various events were given the certificate of merit and cash prize.

❖ **Felicitation Address**   :Lt. Col Preveen C, Administrative Officer

Vote of thanks   : Ms. Lakshmi, S6 CE

ECOSYSTEM RESTORATION

As part of the academic programme, a half day session was organized by Department of Civil Engineering on 05/06/2021 through google meet. The talk was delivered by Dr. Shika S, HOD Department of civil enginnering M. Dasan Institute of technology, Calicut. Session commenced at 10:3AM.Prof. Jisna C welcomed the guest and students. Dr.Susan Abraham (HoD Civil Department) introduced the resource person.

PThe speaker shared her knowledge and experience in the field of environmental engineering. The speaker commenced the session by introducing the various activities. She spread an awareness among students in conserving environment and resources. Students were divided into groups and discussions were carried out by them in the topic of protecting environment.
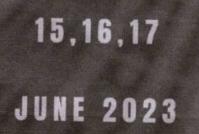

Students were inspired by the talk. Session concluded with vote of thanks by Ms. Lakshmi.

                                   (Student , S3 CE)

WORKSHOP ON TOTAL STATION

A ~~two~~ 5 day workshop conducted on december 16th and december 20th 2022 as part of curriculum of S3 Survey Lab (CEL 203).The workshop was handled by staffs from ALG International.

Workshop included detailed classes and lab session of total station instrument including area calculation, angular measurements, surveying, downloading etc.

14 students from S3 Civil Engineering were present. As part of the practical sessions, students were directed to survey area nearby the college by using total station. Outdoor and indoor areas of college were successfully surveyed by students by using total station which include garden area, road to canteen, nature club area , verandah etc

All the students were given by certificates of participation by ALG International. The certificates were distributed by Dr. Leena A V , Principal, SNGCET during the closing ceremony

GUEST TALK AND INTERACTIVESESSION ABOUT TOWN PLANNING

As part of the academic programme, a half day session was organized by Department of Civil Engineering on 28/09/2019. The talk was delivered by Mr. Rijesh N M . Session commenced at 9:30AM. Dr. Susan Abraham , Hod Civil engineering department welcomed the guest and students. Dr.Leen AV (Dean UG and PG studies) introduced the resource person.

The speaker shared his knowledge and experience in the field of Town planning. The speaker commenced the session by introducing the various activities done by a town planner and activities done by Department of town planning, Kannur. He discussed about major functions of a town planner

Preparation of Spatial Plans at State, District and Local level (State Perspective Plan, District Development Plan, Master Plan, DTP Scheme), Statutory Approvals and concurrences for constructions and land developments as per KMBR 1999, KPBR – 2011 and Town Planning Schemes in force., Advise the LSGIs and Government on matters related to spatial planning and sustainable development of settlements, Drafting legislations and Government Policies on settlement planning and development, Nodal agency of the Centrally Sponsored Schemes of preparation of GIS based Master Plans under AMRUT, Technical Secretariat of the Art and Heritage Commission, Act as the Spatial Planning wing of the DPC.

Students were inspired by the talk. Session concluded with vote of thanks by Mr. Abin Damodar.

DEPARTMENT OF CIVIL ENGINEERING

Workshop Report: Geospatial Technology and Its Applications

Date: November 2, 2019

Venue: Seminar Hall, SN College of Engineering and Technology. Time: 9:30 AM - 3:30 PM
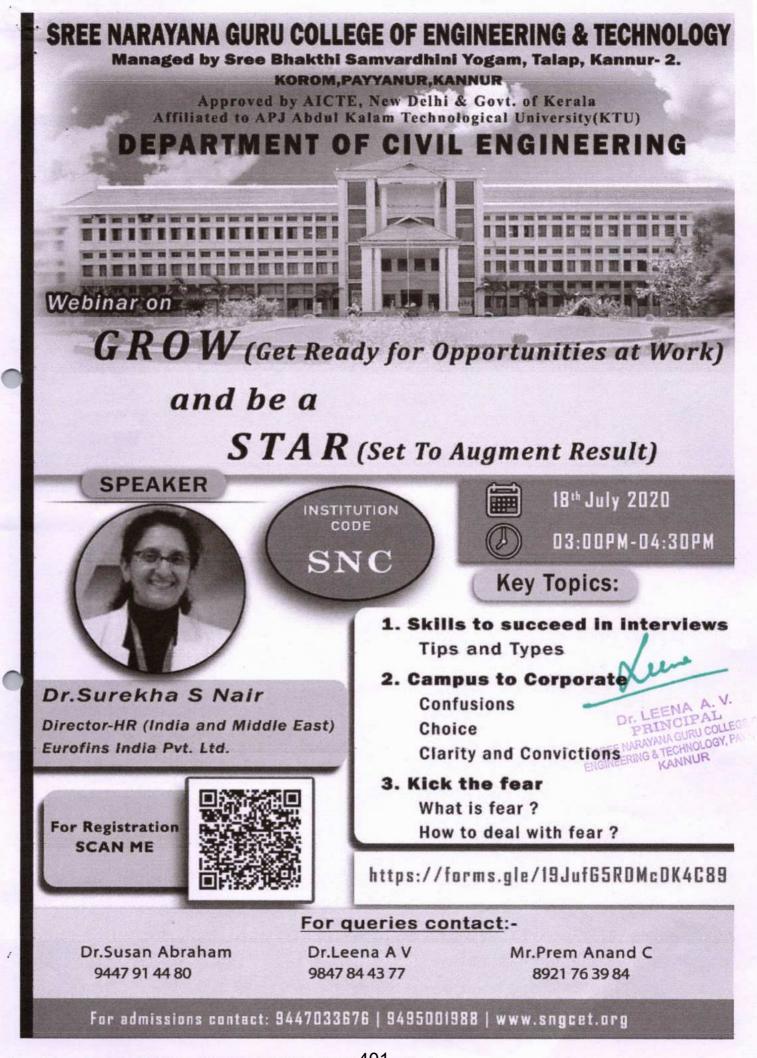

On the 2nd of November 2019, Sree Narayana Guru College of Engineering and Technology hosted a one-day workshop on Geospatial Technology and its applications at the Seminar Hall. This event was spearheaded by Dr. V.K. Janardanan, the institution's Principal, and Lt. Col. Praveen C, the Administrative Officer. The workshop aimed to introduce students to the vast world of geospatial technology and its multifaceted applications, with a special focus on its relevance within the civil engineering domain. The day began with a serene prayer led by Pavithra and Kavya, followed by a warm welcome by Abin Damodar from the Civil Department. Dr. V.K. Janardanan, the Principal, shared his insights in the presidential address, highlighting the importance of geospatial technology. The resource person for the day, Dr. Susan Abraham, Head of the Department, was introduced to the attendees. Felicitations came from Lt. Col. Praveen C, the Administrative Officer, and Mr. Aswin Krishna, CU Chairman. Akhil Surendran, a student from S5 Civil Engineering, extended his gratitude in the vote of thanks.

The morning session, which lasted from 10:30 AM to 1:00 PM, was dedicated to unraveling the fundamentals of Geospatial Technologies. Attendees were introduced to the basic concepts of Geographic Information Systems (GIS), Remote Sensing, and Global Positioning System (GPS). The session also shed light on practical applications of GIS in civil engineering and explored the diverse job opportunities within the Geospatial Technology sector. Additionally, the latest advancements in Geospatial Technologies were discussed.

After a lunch break from 1:00 PM to 1:45 PM, the post-lunch session commenced with an introduction to ArcGIS, a prominent GIS software. Live demonstrations captivated the audience as they witnessed spatial analysis with ArcGIS and learned about location-based augmented reality in construction management. The session culminated with a live demonstration on LiDAR data processing, providing attendees with practical insights into the subject. The day concluded with valuable feedback from the participants, offering a comprehensive perspective on the quality and impact of the workshop.

In sum, the workshop on Geospatial Technology and its applications proved to be an enlightening and informative experience for all participants. It provided a platform for students to gain valuable insights into the world of geospatial technology and its potential applications in the field of civil engineering. Live demonstrations offered hands-on experience, preparing students for a future where geospatial information and technology play a pivotal role in various industries. The success of the workshop was made possible by the active participation of students, the dedication of the organizing team, and the expertise of the resource person.

Webinar Report: "GROW and Be a Star"

The Department of Civil Engineering organized a webinar on July 18, 20, titled "GROW and Be a Star." The distinguished speaker for the session was Dr. Surekha Nair, the Director of HR at Eurofins India Pvt Ltd (India and Middle East). Dr. Nair, with over two decades of experience in Human Resource Management, provided invaluable insights into the skills needed to succeed in interviews and the expectations of the corporate world.

Date of Webinar: July 18, 20

Organized by: Department of Civil Engineering

Speaker: Dr. Surekha Nair

Director, HR, Eurofins India Pvt Ltd (India and Middle East)

Topic: "GROW and Be a Star"

Webinar Highlights:

Insights into Human Resource Management: Dr. Surekha Nair's extensive experience in HR management added significant value to the session. Her insights covered the latest trends and expectations in the corporate world, making the webinar highly informative for both students and professionals.

Skills for Interview Success: The webinar offered an in-depth look at the skills and qualities that are highly sought after by recruiters during the interview process. Dr. Nair provided practical tips and guidance on how to effectively present oneself in interviews.

404

Corporate Expectations: Dr. Nair highlighted the evolving expectations of the corporate world, especially in the context of today's dynamic job market. The discussion encompassed the importance of adaptability and continuous learning in a professional career.

Interactive Q&A Session: The webinar included an interactive Q&A session where participants had the opportunity to seek clarifications and delve deeper into the subject. Dr. Nair's responses to questions were insightful and enriching.

Benefits and Outcomes:

Participants gained a comprehensive understanding of the skills and qualities required to excel in job interviews and succeed in the corporate world.

Dr. Surekha Nair's real-world experiences and expertise served as a source of inspiration for attendees, motivating them to strive for excellence in their career paths.

The interactive nature of the webinar allowed for a dynamic exchange of ideas and knowledge.

Conclusion:

The "GROW and Be a Star" webinar organized by the Department of Civil Engineering was a resounding success, providing attendees with an opportunity to learn from an expert in the field of HR management. Dr. Surekha Nair's practical insights and guidance on succeeding in interviews and navigating the corporate world were invaluable.

The session has equipped participants with a competitive edge, preparing them to meet the expectations of the evolving corporate landscape. We extend our gratitude to Dr. Nair for sharing her expertise, and we look forward to more such informative and inspiring sessions in the future.

SREE NARAYANA GURU COLLEGE OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF CIVIL ENGINEERING

WORKSHOP/INTERACTIVE SESSION

As part of the academic programme, a half day interactive session was organized by Department of Civil Engineering on 28-09-2019 at our campus for S3, S5 and M.Tech students.

The talk was delivered by Ar. Madhukumar, Chief Architect at MKumar Associates Kannur, who has headed many prestigious building projects in the Malabar area namely Harbour City, Shopping mall ,Thalasseri, Kannur, A.K.G. memorial Super Speciality Hospital,Talap, 'Santhwanam' - old age home, Azhikkode, Kannur , Tourism Department Art Gallery at Dharmasala, Kannur.

Session commenced at 1:30pm at the Seminar hall. Dr.Susan Abraham (HoD Civil Department) welcomed the guest and students. Mrs.Mary Soina George, Assistant Professor (Senior Grade), introduced the guest.
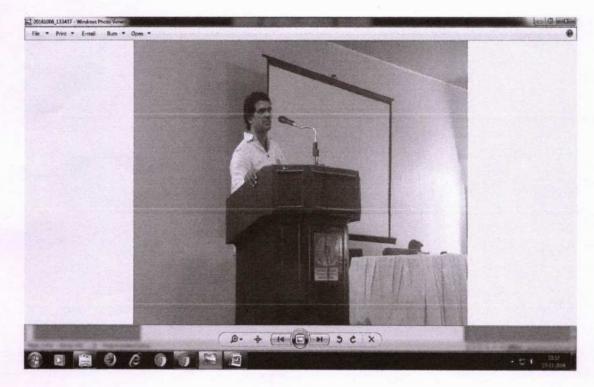

The speaker shared his knowledge and experience in the field of Architecture and, Construction. The speaker commenced the session by introducing the various activities involved in project design. He stated that design always begins with client requirement elicitation, where the consultant understands the dream and requirement of the client. Further, the consultant develops a rough design based on the available budget.

Once the rough design is approved by the client, the same will be developed into appropriate drawings. The Architect may require to visit the proposed site before beginning the design.
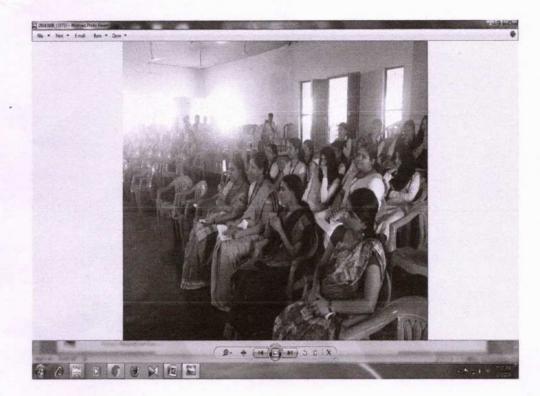

Then Engineer and Architect will do a constructability review to ensure the practical challenges in the construction.

Dr. LEENA A. V.

409

The speaker gave some interesting and important tips in layout of rooms while preparing the plan. To make best utilization of cross ventilation, he recommended providing important rooms such as bed rooms, multi purpose halls at corners of the building and rooms like bathroom/toilet etc. away from corner.

Scientific aspects of our traditional architecture of Vastu vidya was explained with practical examples.

Interactive session - event photos

410

Interactive session - event photos

He emphasized the need for hands on experience and site visits for Civil Engineering students. He urged students to make about 100 site visits by the time they complete B Tech course.

He concluded the session by acknowledging his mentor Prof.R.P.R. Nair.

Students were inspired by the speech. Session concluded with vote of thanks by Miss.Anjali K. Vijayan (S5) and with National Anthem.

DEPARTMENT OF CIVIL ENGINEERING

Webinar Report: "Civil Service Post-B.Tech"

Date of Webinar: August 8, 2020

Organized by: Department of Civil Engineering

The Department of Civil Engineering hosted a live webinar on August 8, 2020, with the theme "Civil Service Post-B.Tech." The webinar aimed to provide valuable insights and guidance to B.Tech graduates interested in pursuing a career in civil services. The session featured two distinguished speakers: Mr. Alex Andrews George, Founder of ClearIAS.com, and Dr. Sreeju SS, an Indian Revenue Service (IRS) officer serving as Deputy Director at DG Systems & Data Management.

Webinar Highlights:

A Civil Service Success Story (Dr. Sreeju SS, IRS): Dr. Sreeju SS shared his inspiring journey and success story in civil services. He provided valuable insights into the challenges and opportunities he encountered as a civil servant. His personal experiences and achievements served as a source of motivation for the attendees.

Ways to Crack Civil Service and UPSC Examinations (Mr. Alex Andrews George): Mr. Alex Andrews George, an entrepreneur, author, mentor, and the founder of ClearIAS.com, delivered a comprehensive session on effective strategies for cracking the civil services and UPSC examinations. He shared tips, study techniques, and resources that can greatly benefit aspirants.

Benefits and Outcomes:

Attendees gained a deeper understanding of the civil service career path, including its challenges and rewards, through Dr. Sreeju SS's success story.

Mr. Alex Andrews George's session provided practical guidance and actionable steps for those aspiring to clear civil service and UPSC examinations.

The webinar served as a platform for attendees to interact with experienced professionals in the field, enabling them to seek personalized advice and clarifications.

Conclusion:

The "Civil Service Post-B.Tech" webinar organized by the Department of Civil Engineering was a significant opportunity for B.Tech graduates to explore the world of civil services and UPSC examinations. The event was graced by two distinguished speakers, Dr. Sreeju SS, IRS, and Mr. Alex Andrews George, who provided valuable insights and guidance to aspiring civil servants.

The session not only motivated attendees to pursue a career in civil services but also equipped them with practical strategies and resources for exam preparation. We extend our appreciation to the speakers for sharing their expertise, and we look forward to more such informative and inspiring sessions in the future.

DEPARTMENT OF CIVIL ENGINEERING

Webinar Report: "Best Career Options in Post-COVID World - Scope and Opportunities in Engineering"

Date of Webinar: September 9, 2020

Organized by: Department of Civil Engineering

The expert trainer,MMR Vineeth Nair ,Lt Col C. Preveen led the training session, bringing with them valuable experience.

The Department of Civil Engineering organized a highly informative and engaging webinar on September 9, 2020, titled "Best Career Options in a Post-COVID World - Scope and Opportunities in Engineering." The distinguished speakers for this session were Mr. MMR Vineeth Nair, FIE, Director of Hebron Properties Pvt. Ltd., Bangalore, and Lt Col C. Preveen, an accomplished professional holding BSc, B.Tech, MS, MBA, MIETE, FIE, Chartered Engineer, Certified Trainer, and Mind Coach certifications.

Webinar Highlights:

Insights into Post-COVID Career Opportunities: The webinar provided valuable insights into the rapidly evolving post-COVID job market and the diverse career opportunities available in the field of engineering. Mr. MMR Vineeth Nair and Lt. Col. C. Preveen shared their perspectives on the scope of engineering professions in the current landscape.

Dr. LEENA A. V.
PRINCIPAL
SREE NARAYANA GURU COLLEGE OF
ENGINEERING & TECHNOLOGY, PAYYANUR
KANNUR

Building a Future through Civil Engineering Skills: The speakers delved into the various aspects of civil engineering, emphasizing the critical role of skills and adaptability in shaping a successful career. They discussed the importance of staying updated with the latest trends and technologies in the field.

Expertise from Industry Leaders: The session benefited from the extensive industry experience of the speakers. Their diverse qualifications and accomplishments brought a well-rounded perspective to the discussion.

Interactive Q&A Session: The webinar included an interactive Q&A session that allowed participants to seek clarification on various career-related topics. Mr. MMR Vineeth Nair and Lt. Col. C. Preveen provided thoughtful responses and practical guidance.

Benefits and Outcomes:

Participants gained a comprehensive understanding of the current career landscape and the opportunities available to engineering graduates in a post-COVID world.

The insights shared by the speakers motivated attendees to explore new avenues and stay competitive in their career pursuits.

The interactive nature of the webinar provided a platform for attendees to engage with industry leaders and seek guidance tailored to their career aspirations.

Conclusion:

The webinar on "Best Career Options in a Post-COVID World - Scope and Opportunities in Engineering" was a remarkable initiative by the Department of Civil Engineering. The session, graced by Mr. MMR Vineeth Nair and Lt. Col. C. Preveen, provided students and professionals alike with valuable insights and perspectives on building successful careers in the field of engineering.

The event served as a source of motivation and guidance for attendees, enabling them to navigate the evolving career landscape

with confidence. We extend our appreciation to the speakers for their expertise and to the organizing team for facilitating such an enriching session.
