## LIST OF SEMINAR/WORKSHOP/CONFERENCES

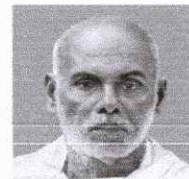

| Year      | Name of the workshop/ seminar/ conference                  | Number of Participants | Date From – To           |
|-----------|------------------------------------------------------------|------------------------|--------------------------|
| 2018-2019 | NaCTAE-19                                                  | 9                      | 26/04/2019 - 27/04/2019  |
|           | Two day workshop on Recent trends in Electrical CAD        | 40                     | 30-09-2018 to 01-10-2018 |
| 2019-2020 | Guest talk and interactive session about town planning     | 46                     | 28-09-2019               |
|           | Workshop on Geospatial Technology and Its Applications     | 38                     | 02-11-2019               |
| 2020-2021 | Webinar on "GROW and be a Star"                            | 50                     | 18-07-2020               |
|           | Webinar Report: "Civil Service Post-B.Tech"                | 65                     | 08-08-2020               |
|           | Webinar on "Electrical power generation scenario in Kerala | 18                     | 31-10-2020               |
| 2021-2022 | Ecosystem restoration                                      | 40                     | 05-06-2021               |
|           | Free online crash course for KEAM / JEE                    | 21                     | 09-06-2021 to 09/07/2021 |
|           | Webinar on topic "What they want? What we can?"            | 60                     | 12-06-2021               |
|           | Virtual fest "Techranti 2K21"                              | 120                    | 15-06-2021 to 16-06-2021 |
|           | Webinar on modern Engineering:Essentials for Excellence    | 12                     | 18-06-2021               |
|           | Webinar on braking system in Indian railway                | 10                     | 22-06-2021               |

CHALAKKODE P.O., KOROM, PAYYANUR, KANNUR-670 307

Est. 2003

|           |                                                                             |     |                          |
|-----------|-----------------------------------------------------------------------------|-----|--------------------------|
|           | Webinar on confluence robotics & industrial automation-a Heuristic approach | 10  | 25-06-2021               |
| 2022-2023 | Webinar on Basics of search engine optimization                             | 70  | 22-11-2022               |
|           | Workshop on Router configuration with CISCO                                 | 15  | 23-11-2022               |
|           | Total station workshop                                                      | 14  | 16/12/2022 & 20/12/2022  |
|           | Webinar on " Benefits of IEEE membership for students and Member resources" | 65  | 26-03-2023               |
|           | IEDC Orientation programme                                                  | 49  | 04-04-2023               |
|           | IC engine survey-engine overhauling workshop                                | 40  | 29-04-2023               |
| 2023-2024 | BIMand MS project workshop                                                  | 20  | 15/06/2023 to 17/06/2023 |
|           | Entrepreneurship and Innovation                                             | 20  | 01-08-2023               |
|           | Ideazest-idea presentation                                                  | 21  | 22-08-2023               |
|           | Inspired by the stars:celebrating Chandrayan-3 Chronicle"                   | 110 | 13-09-2023 to 14-09-2023 |
|           | Poster design workshop "Be a canva expert"                                  | 15  | 18-09-2023               |
|           | "Moonbound Magic : Chandrayaan-3 Spectacle"                                 | 110 | 21-09-2023               |
|           | Webinar on " Conscious marketing                                            | 65  | 25-09-2023               |
|           | MSME development and(in) campus industrial parks                            | 132 | 10-10-2023               |
|           | Workshop on Design Thinking                                                 | 60  | 13-11-2023               |
