DEPARTMENT LIBRARY

DEPARTMENT LIBRARY

1. ELECTRICAL AND ELECTRONICS ENGINEERING : DEPARTMENT LIBRARY

The Electrical and Electronics Department Library serves as a vital resource hub for students, faculty, and researchers alike. Library consist of total 146 books. All the subject books are available in the department library and it is well arranged. It provides a conducive environment for studying, researching, and collaborating on innovative projects.

2. MECHANICAL ENGINEERING : DEPARTMENT LIBRARY

The Mechanical Engineering Department Library stands as a cornerstone of knowledge and innovation within the academic landscape. Located at the heart of the department, it serves as a focal point for students, faculty, and researchers immersed in the diverse realms of mechanical engineering .ME department library is well equipped with a total of 133 books covering all the subjects.

3. COMPUTER SCIENCE AND ENGINEERING: DEPARTMENT LIBRARY

The Computer Science and Engineering Department Library stands as a beacon of knowledge and innovation in the realm of computing. Strategically situated within the heart of the department, it serves as a dynamic hub for students, faculty, and researchers engaged in the diverse facets of computer science and engineering consisting of 155 books.

4. ELECTRONICS AND COMMUNICATION ENGINEERING : DEPARTMENT LIBRARY

The Electronics and Communication Engineering Department Library serves as a pivotal resource hub for students, faculty, and researchers immersed in the dynamic world of electronics and communication. The library boasts an extensive collection of resources encompassing a wide array of topics, from fundamental principles of electronic circuits and telecommunications to advanced topics such as signal processing, wireless communication, and embedded systems. The department library consists of 72 books which is located in the department.

5. CIVIL ENGINEERING: DEPARTMENT LIBRARY

The civil engineering department library is located within the department. With a wide variety of subject books it serves as an indispensable resource centre for students, faculty, and researchers navigating the diverse landscape of civil engineering. The library consists of a total of 80 books.

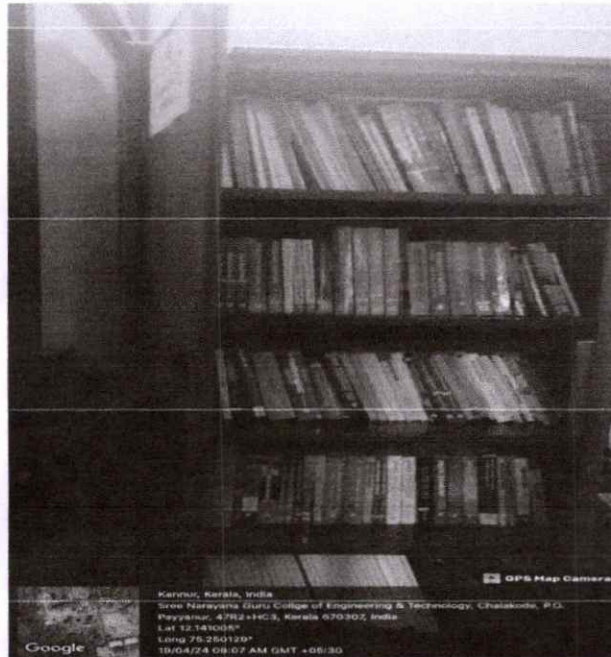

Fig 9: Arrangement of books in Department Library

6. SCIENCE AND HUMANITIES : DEPARTMENT LIBRARY

The department usually aims to provide a strong foundation in both science and humanities disciplines to students. This interdisciplinary approach helps students develop critical thinking skills, communication abilities, and a well-rounded understanding of the world. The department consists of 30 books.
